Apolline Institute of Education

Dear Sir & Madam,

It gives us immense pleasure to cordially invite and welcome you to participate and share your experiences in one day national seminar On "Library Revolution: Reengineering Libraries for Next-Gen" held on 22nd March 2019.

About the Institution:

The institution was established in the 60's by eminent educationist and social workers who joined hands to set up an educational society under the name of Sadhana Education Society.

5th Kapila Khandwala College of Education has been a catalyst for instilling desirable changes in teacher education as per the changing needs of the society for more than five decades. The institution relentlessly endeavours to create, nurture and sustain an exemplary and distinctive Teacher Education programme with a human orientation. The institution has secured 'A' grade in the recent NAAC reaccreditation. The college is a recognised Gujarati linguistic minority institution which offers two years B.Ed. revised course affiliated to University of Mumbai. The institution has received NCTE LDI to begin the M.Ed. program and B.A.B.Ed. four year program in the coming academic year. The institution also offers a recognised Ph.D. program in education, affiliated to University of Mumbai.

About the Seminar:

In this 21st century, Information and Communication Technology (ICT) has brought revolutionary changes and innovative trends in education systems as well as in the information centres across the world. ICT now plays a vital role in the current and future development of societies and nations. Digital technology is growing rapidly not only in corporate sectors but also in

academic sectors. Libraries are no exception.

Application of ICTs in the library environment has forced libraries to shift from traditional models to hybrid to automated variants, digital library and now to virtual library. ICT has a great role to play in education by making information available for the library users. Every professional needs distinct ICT tools for carrying out their regular library related tasks. The emergence of information technology has opened up new ways of disseminating technical and scientific information. Most recent shift is to Library 2.0 which uses web tools and social network for makeover within the library as well as in library as a profession, in a dynamic way. The most prominent role of information technologies and their applications are in the areas of enhancement and transformation in digital technology for the next generation. ICT has become an essential part of modern libraries to keep up with the current information requirements.

This seminar is intended to provide a platform for sharing of innovative ideas, best practices and experiences that can help to remodel libraries to cater to the next generation learners. The seminar mainly focuses on emerging technologies in digital era.

Our college takes pleasure organizing this national level seminar and invites you to participate and expand your digital horizons.

Objectives of the Seminar:

- To create awareness among the library professional community about the latest available digital tools for libraries and making the libraries easy to use for the next generation.
- To arrive at expert solutions for managing library functions through ICT.
