## CRITERION VII

### Overall Report 7.1.3

#### Report on environmental promotional activities conducted beyond the campus

The goal of environmental education is to develop a world population that is aware of, and concerned about, the environmental and its associated problems, and which has the knowledge, skills, attitudes, motivations and commitment to work individually and collectively towards solutions of current problems and the prevention of new ones (The Belgrade Charter, UNESCO, 1976).

Green Cell is a dedicated initiative for Sustainable Development, which aims at providing direction and coherence, at the regional as well as at global level, for research and active campus activity on vulnerability, impacts and adaptation. To this end, Green Cell will act as a new and growing network operating on symbiotic coordination between scientists & technocrats on one hand and entrepreneurs & practitioners on the other, with an explicit purpose of inculcation of environmental ethics into individual lifestyle as well as basic outlook of life.

Acknowledging the rapid deterioration of biodiversity and ever-expansive pollution vis-e-vis emerging policy strategies, new scientific developments and lessons learnt from past programmes, Green Cell

## CRITERION VII

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

promises to deliver, in collaboration with its implementing partners, assessment of existing sustainability status of identified regions of concern, compilation of traditional knowledge base-with scientific validation (on the impacts of and responses to sustainable development as well as sustainable strategies), and provide the credible scientific information that is being increasingly sought by the world's decision makers.

## Objectives:

1. To provide every person with opportunities to acquire the knowledge, values, attitudes, commitment and skills needed to protect and improve the environment.
2. To create new patterns of behavior of individuals, groups and society as a whole towards the environment.
3. The need for a prudent and rational utilization of resources;
4. The way in which each individual can, by his own behavior and action, contribute to the protection of environment

Several programs have been conducted beyond the college campus to be aware about damage to the environment and how to save the environment. The target is to save the environment from different kinds of pollution and preserve nature.

CRITERION VII

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

The institute will make all the necessary arrangements and efforts to involve the students, faculty and staff in “Green Cell Initiatives” by designating the volunteers of Green Cell along with the campus slogan for completing the purpose.

## 1) WASTE MANAGEMENT

Reducing waste will not only protect the environment but will also save on costs or reduce expenses for disposal. In the same way, recycling and/or reusing the waste that is produced benefits the environment by lessening the need to extract resources and lowers the potential for contamination. Waste management activity was organized by NSS on 9th October 2017.

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

## 2) Presentation about environment related topics- Conducted on 30th January

Environmental studies is a constantly evolving field. Some of the most compelling research areas today include climate change, limnology, and conservation. The activity was conducted by the commerce department.

## 3) Essay competition about environment & relationship of man with environment- 30th Sept 2017

The relationship between man and the environment has been established in the early periods itself. Human beings live in the kingdom of nature and interact with it constantly. The influence of nature in the form of the air he breathes, the water he drinks, the food he eats, and the flow of energy and information.

Organized by Commerce Dept

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

#### 4) Tree Plantation: Conducted on 1st July 2017

Tree plantation is significant because it is linked to our basic need for good food to eat and clean air to breathe. Aside from these necessities, they preserve biodiversity, conserve water, preserve soil, and control climate, among other things. Conducted BY-NSS, Health Cell

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

5) Environment protection seminar- 21st July 2017

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

Prevent and control degradation of land, water, vegetation and air. Conserve and enhance natural and man-made heritage, including biological diversity of unique ecosystems. Improve condition and productivity of degraded areas. Raise awareness and understanding of the link between environment and development. The activity was conducted by NSS

## 6) Visit to NGO:- 1ST JULY 2017

Members and employees of the NGO supported me a lot, and gave me ideas also. Atmosphere there was awesome, close to nature, peaceful, with very good hearted and thoughtful people around.

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

## 7) Tree Plantation Drive – 1ST JULY 2017 Organized by DLLE

To reduce temperature and increase humidity. To reduce noise pollution to the neighboring household population. To reduce the impacts of air pollution and dust as trees and shrubs are known to be natural sinks for air pollutants.

**CRITERION VII**

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

## 8) POSTER EXHIBITION ON ENVIRONMENT AWARENESS

Organized by SYBMS Students in the college auditorium 24th July 2018

To encourage students to exhibit their knowledge, presentation skills and innovative ideas. To create social and environmental awareness among students. To understand the different processes that destroy ozone in the Earth's atmosphere. To develop an understanding of the global trend towards ozone depletion, recovery and enlighten how citizens can help to reduce ozone depletion.

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

## 9) TREE PLANTATION

Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment. Trees absorb harmful gasses and emit oxygen resulting in an increase in oxygen supply.

Aim and Objective of Tree Plantation:-

- To create green belt and avenues for meeting aesthetic recreational needs to the people.
- To beautify the areas for scenic beauty.
- To reduce the surface run-off discharge and checking soil erosion along the embankments.
- To reduce temperature and increase humidity.

ISO 9001 : 2015 CERTIFIED

## 10) Anti-Plastic Awareness

Organized by NSS Department- 8th and 26th Sept 2018

The campaign which is organized to create awareness among the public about the adverse effect of plastic usage and to make them think about stopping its usage is called an anti-plastic campaign. In this, people used to go for the rally with posters and orations which dealt with harmful effects of plastic.

**ग्रामीण जीवन ओढ लावणारे : मित्रांनाही प्रेरित करण्याचा मानस  
शहरी विद्यार्थ्यांनी लुटली भातलावणीची मौज**

लोकमत न्यूज नेटवर्क

इटापण/बोर्ड : खेड्यातील निसर्ग शेती आणि शाश्वत जीवन्याच्या ओंखीने भुंबई शहरातील महाविद्यालयीन विद्यार्थ्यांनी नरपड गाव गाठून ग्रामीण जीवनाचा अनुभव घेतला. पहिल्यांदाच त्यांनी शेतात भात लावणारे काम करून वर्षभोवसाचाही आनंद लुटला.

भुंबईस्थित पर्यावरण तज्ञ अॅड. गिरीश राऊत यांच्याकडून जागतिक तापमान वाढ आणि निसर्ग शेती याविषयीची माहिती वनसोडे सरांच्या माध्यमातून मालाड येथील दालमिया महाविद्यालयातील विद्यार्थ्यांना मिळाली. खेड्यातील जीवन पाहण्यासाठी दहा विद्यार्थ्यांचा गट तालुक्यातील नरपड गावात आला. त्यांनी येथील पर्यावरण प्रेमी आणि निसर्गशास्त्रज्ञ पुरस्कार विजेते राऊत यांच्या विचाराला भेट दिली. या परिचारातील शेती व बागायतीची वैशिष्ट्ये आणि यापूर्वी घेवे आवश्यक असलेल्या

आयुष्यातील हा पहिलाच अनुभव असल्याने हे तंत्र शिकवताना त्यांना सुरुवातीला झगडारे लागले. त्यांनाच त्यांनी वन भोजनचा आनंदही लुटला. दरव्यन चा विद्यार्थ्यांना शिवारात अन्वयाणी यताना काटेकुटे, चिखल,साप इ. भीती वाटली होती. परंतु काही वेळतय हा मऊ चिखल तुळतना आलेला आनंद अवर्णनीय

शेता. यापुढेही गवत व भात फायणी झोळणी अशी कामे करणाऱ्यासह येथील चिखः याद्रीतील कामाचा अनुभव, झाडांचा सटणे याकारिता पुढात पल्लवा असल्याचा विस्वास व्यक्त करतात. खेड्यातील शेततीची मौज लुटण्यात राहते मित्रना प्रोत्साहित करण्यात असल्याचे या विद्यार्थ्यांनी सांगितले.

- सुनिन राऊत (शेतकरी, नरपड गाव)

दालमिया महाविद्यालयातील विद्यार्थी नरपड गावात भातशिवारत काम करतात.

पर्यावरण तज्ञ अॅड. गिरीश राऊत निसर्ग शेती आणि शाश्वत जीवन याविषयी तळमना प्रेरणा देण्याचे काम करीत आहेत. त्यामुळेच या विद्यार्थ्यांनी शिवारात अरून काम केले. त्यांना खेड्यात येऊन काम करावेच आहे हे ऐकून सखतात्मक वाटले.

- सुनिन राऊत (शेतकरी, नरपड गाव)

## 14) Water Literacy and Conservation Practice: Organised by NSS on 19th December 2019

Water literacy' is knowledge about water sources, water management and water-related issues. This includes awareness of how to use water sustainably, how to conserve, and how to protect and/or restore watersheds. The effective application of water-related knowledge is represented by the attitudes and values knowledge set. To understand the Value of invaluable and priceless Water there is need of Water literacy. Literacy comes through proper education. Especially when it comes to Understanding , Managing and Using water resources, education becomes far more important.

## 15) National Park Cleaning- Organised by NSS Team on 1st January 2020

National parks are an essential aspect of India's natural environment, and they play a vital role in preserving and protecting the country's biodiversity. National Parks protect wildlife, habitats, and nature from destruction and human impact. They give animals a safe space to breed and survive. Over 247

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

species of threatened or endangered plants and animals are protected in National Parks. National parks protect places of natural beauty.

## 16)E-waste collection-

The major objective of e-waste management is to reduce, reuse, and recycle. Some of the e-waste consists of valuable covering or materials inside which can be reused or recycled. Electronic waste (e-waste), is a generic term used to describe all types of old, end-of-life or discarded electrical and electronic equipment, such as household appliances; office information and communications equipment; entertainment and consumer electronic equipment; lighting equipment; electric and electronic tools.

BS-CIT Department has organized Electronic waste (e-waste) drive under the program name DLITA

## 17) Webinar on 'Water saving'- Organised by NSS on 11th February 2021

Without water there is no life. They were encouraged to improve water management practices that reduce the wastage of water and enhance the beneficial uses of water. Some ancient methods of water conservation should also be practiced. In case the water is not used wisely by anyone, then a heavy fine should be imposed.

## 18)Reduce Reuse Recycle- Organised by NSS on 6th March 2021

CRITERION VII

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS

ISO 9001 : 2015 CERTIFIED

Reduce means to cut back on the amount of trash we generate. Reuse means to find new ways to use things that otherwise would have been thrown out. Recycle means to turn something old and useless (like plastic milk jugs) into something new and useful (like picnic benches, playground equipment and recycling bins).

## 19) E-waste collection-“Say 'NO' to Electronic Waste!” This drive be conducted from 20th January 2022 to 28th February 2022

# PRAHLADRAI DALMIA LIONS COLLEGE OF COMMERCE AND ECONOMICS
