## **Annual Report of Department of Lifelong Learning & Extension (DLLE) for the year 2023-24**

### **Introduction**

DLLE has been recognized as a Statutory Department of the University of Mumbai since 1994. The Extension dimension facilitates the sensitization of the students to the socio-cultural realities. The department offers extension work projects encompassing social issues to the students.

### **Objective of DLLE**

- Sensitization of the students to the socio-cultural realities.
- To provide a forum for exchange of ideas and innovative activities for social awareness and community outreach.
- To promote human values amongst the students.
- To inculcate a feeling of continued sustainable development in the young minds of students
- To encourage benevolence for social commitment towards the society.
- Reach out to the traditionally underserved & ignored.

### **Expected Outcomes**

Engagement in DLLE activities is instrumental in fostering youth development by providing exposure to a diverse range of social issues. Through these activities, students are encouraged to take proactive steps towards addressing and mitigating disparities within their communities. This active involvement not only deepens their social commitment but also nurtures essential leadership and management skills crucial for their personal and professional growth. Moreover, DLLE participation serves as a platform for refining communication abilities, enabling young individuals to effectively connect with others and establish strong networks within society. As a result, DLLE becomes a cornerstone in the holistic development of youth, empowering them to become active agents of positive change in their communities and beyond.

## **Annual Report of Department of Lifelong Learning & Extension (DLLE) for the year 2023-24**

### **Introduction**

DLLE has been recognized as a Statutory Department of the University of Mumbai since 1994. The Extension dimension facilitates the sensitization of the students to the socio-cultural realities. The department offers extension work projects encompassing social issues to the students.

### **Objective of DLLE**

- Sensitization of the students to the socio-cultural realities.
- To provide a forum for exchange of ideas and innovative activities for social awareness and community outreach.
- To promote human values amongst the students.
- To inculcate a feeling of continued sustainable development in the young minds of students
- To encourage benevolence for social commitment towards the society.
- Reach out to the traditionally underserved & ignored.

### **Expected Outcomes**

Engagement in DLLE activities is instrumental in fostering youth development by providing exposure to a diverse range of social issues. Through these activities, students are encouraged to take proactive steps towards addressing and mitigating disparities within their communities. This active involvement not only deepens their social commitment but also nurtures essential leadership and management skills crucial for their personal and professional growth. Moreover, DLLE participation serves as a platform for refining communication abilities, enabling young individuals to effectively connect with others and establish strong networks within society. As a result, DLLE becomes a cornerstone in the holistic development of youth, empowering them to become active agents of positive change in their communities and beyond.
