

Prahladrai Dalmia Lions College of Commerce & Economics

Sunder Nagar, S. V. Road, Malad (West), Mumbai – 400064.

ISO 9001:2015 Certified

Best Practice No 1 :

Entrepreneurial Premiere League – 2k24

1. Goal :

- To provide platform to learner's to create their own start up.
- To guide on various areas of start-up and initial finance.
- Scouting for new ideas, market intelligence and competition.
- To enhance the learner's decision making skills, combining team building with business related discovery

2. The Context: The Intra College entrepreneurial event-"EPL" organized by BMS program in association with Incubation Cell took place. ENTREPRENEURIAL PREMIERE LEAGUE (EPL 2K24) with the theme "*Adoring the States of India*". This exciting event is designed for students ready to explore new horizons, embrace challenges, and excel in their academic journey.

4. Evidence of Success: The department organizes EPL an annual intra-collegiate event for the students of the college to showcase their entrepreneurial skills. Entrepreneurial Premier League motivates students to explore education beyond the classroom walls and acquire skills that would propel their ideas. EPL has creatively come up with a platform of discovering among the students' entrepreneurial skills, to learn first-hand about new ideas, to meet and know customers' expectations, to learn collaboration, teamwork & to cope better with challenges in practical life. The department continued its best practice even online through a virtual platform.

5. Problems Encountered and Resources Required: As few of the learners were presenting their startup ideas, they were unable to execute it as planned due to lack of communication skills. Technical problem was faced during the event.

Best Practices of 2023-24

Best Practice No 2 : E-waste drive **DILITA** conducted on 14/10/2023 to 31/10/2023

1. Goal:

To promote environmental sustainability by facilitating the responsible disposal and recycling of electronic waste, raising awareness among the institute's community about the impact of e-waste on the environment, and fostering a culture of eco-friendly practices.

2. The Context:

Electronic waste (e-waste) has emerged as a significant environmental challenge, with discarded electronic devices contributing to pollution and resource depletion when not disposed of properly. As centers of knowledge and innovation, educational institutions have a pivotal role in addressing this issue by raising awareness and providing practical solutions. By organizing an e-waste collection event, the institute seeks to encourage responsible e-waste management, engage its community in sustainable practices, and contribute to global efforts to minimize the environmental impact of electronic waste. This initiative also aligns with the institute's commitment to fostering ecological responsibility and setting an example for eco-conscious behavior.

3. The Practice:

The e-waste collection event will involve a structured approach to ensure the responsible handling and recycling of electronic waste:

Collection Drive:

- Set up designated drop-off points at convenient locations within the institute premises.
- Allow individuals to bring old, unused, or broken electronic devices such as mobile phones, laptops, chargers, cables, and other gadgets for proper disposal.
- Maintain clear signage and provide volunteers to assist and guide participants.

Partnership with Certified Recyclers:

- Collaborate with government-approved or certified e-waste recycling companies to ensure the collected items are disposed of responsibly, following legal and

environmental standards.

4. Evidence of Success:

he success of the e-waste collection event can be demonstrated through the following measurable outcomes and qualitative indicators:

Quantity of E-Waste Collected:

Report the total volume or weight of e-waste collected (e.g., kilograms of devices, number of gadgets).

Compare the collected amount to initial expectations or previous similar events, if applicable.

Participation Metrics:

Number of participants, including students, staff, and faculty.

Diversity of contributions across departments, clubs, or groups within the institute.

Replicability and Follow-Up Plans:

Expressions of interest in similar future events.

Initiatives launched or strengthened due to the event, such as permanent e-waste collection bins or related workshops.

5. Problems Encountered and Resources Required: The number of participants have reduced with the digitization.
