

Career Guidance Cell

"The future depends on what you do today." - Mahatma Gandhi

Our institute always tries to offer career guidance to our Students during the course of their graduation program under the Career Guidance Cell to **“empower students to navigate their career paths and unlock their full potential also as a bridge between education and industry to shape successful careers.”**

The Career Guidance Cell's annual report for 2022-2023 highlights significant achievements and activities conducted throughout the year. Here are the key highlights:

1. **Services Offered:** The Career Guidance Cell continued to provide a wide range of services to students, including career counseling, aptitude tests, resume building, interview preparation, and guidance on higher education options.
2. **Counseling Sessions:** The Cell conducted one-on-one counseling sessions with students to help them explore career options, understand their strengths and interests, and make informed decisions about their future.
3. **Workshops and Seminars:** A series of workshops and seminars were organized to enhance students' employability skills. Topics covered included communication skills, preparing for various competitive examinations, knowing higher education options etc
4. **Skill Development Programs:** The Cell facilitated skill development programs to equip students with industry-relevant skills. These programs included training on programming languages and data analysis.
7. **Alumni Engagement:** Efforts were made to engage alumni as guest speakers, providing students with valuable insights into different career paths and networking opportunities.

The Career Guidance Cell has organized various Workshops, Lectures and seminars, where experts from various fields interacted with students and shared their knowledge as well as experience in the academic year 2022-23, as listed below
