4. GREEN INITIATIVES BEYOND CAMPUS

Report on environmental promotional activities conducted beyond the campus

The goal of environmental education is to develop a world population that is aware of, and concerned about, the environmental and its associated problems, and which has the knowledge, skills, attitudes, motivations and commitment to work individually and collectively towards solutions of current problems and the prevention of new ones (The Belgrade Charter, UNESCO, 1976).

Green Cell is a dedicated initiative for Sustainable Development, which aims at providing direction and coherence, at the regional as well as at global level, for research and active campus activity on vulnerability, impacts and adaptation. To this end, Green Cell will act as a new and growing network operating on symbiotic coordination between scientists & technocrats on one hand and entrepreneurs & practitioners on the other, with an explicit purpose of inculcation of environmental ethics into individual lifestyle as well as basic outlook of life.

Acknowledging the rapid deterioration of biodiversity and ever-expansive pollution vis-e-vis emerging policy strategies, new scientific developments and lessons learnt from past programmes, Green Cell

ISO 9001 : 2015 CERTIFIED

CRITERION VII

promises to deliver, in collaboration with its implementing partners, assessment of existing sustainability status of identified regions of concern, compilation of traditional knowledge base-with scientific validation (on the impacts of and responses to sustainable development as well as sustainable strategies), and provide the credible scientific information that is being increasingly sought by the world's decision makers.

Objectives:

1. To provide every person with opportunities to acquire the knowledge, values, attitudes, commitment and skills needed to protect and improve the environment.
2. To create new patterns of behavior of individuals, groups and society as a whole towards the environment.
3. The need for a prudent and rational utilization of resources;
4. The way in which each individual can, by his own behavior and action, contribute to the protection of environment

Several programs have been conducted beyond the college campus to be aware about damage to the environment and how to save the environment. The target is to save the environment from different kinds of pollution and preserve nature

The institute will make all the necessary arrangements and efforts to involve the students, faculty and staff in “Green Cell Initiatives” by designating the volunteers of Green Cell along with the campus slogan for completing the purpose.

List of Green Initiative beyond Campus:

Sr No	Year	List of Activity
1.	2017-18	Waste Management
2.	2017-18	Presentation about Environment related Topics
3.	2017-18	Essay Competition about Environment & Relationship of man with Environment
4.	2019-20	Tree Plantation
5.	2017-18	Environment Protection Seminar
6.	2017-18	Visit NGO
7.	2017-18	Tree Plantation drive

**ग्रामीण जीवन ओढ लावणारे : मित्रानाही प्रेरित करण्याचा मानस
राहरी विद्यार्थ्यांनी लुटली भातलावणीची मौज**

लोकमत न्यूज नेटवर्क

इदाम्/बोर्डी : खेड्यातील निरमं शेती आणि शासन जोषनाच्या ओढीने मुंबई शहरातील महाविद्यालयीन विद्यार्थ्यांनी नगद गाव गावून ग्रामीण जीवनाचा अनुभव घेतला. पहिल्यांदाच त्यांनी शेतात भात लागणीचे काम करून वसुंधरावादी आनंद लुटला.

मुंबईस्थित पर्यावरण तज्ञ डॉ. गिरीश राजत यांच्याकडून जागतिक तापमान वाढ आणि निरमं शेती याविषयीची माहिती वसुंधरे सरांच्या माध्यमातून मालाड येथील दालमिया महाविद्यालयातील विद्यार्थ्यांना मिळाली. खेड्यातील जीवन पाहण्यासाठी दहा विद्यार्थ्यांचा गट तालुक्यातील नगद गावत आला. त्यांनी येथील पर्यावरण प्रेमी आणि निरमंशेतीचे पुरस्कर्ते कुटुंब राजत यांच्या शिबारांगला भेट दिली. या परिस्थितीत शेती व बागायतीची वैशिष्ट्ये आणि पाण्याचे अडथळे लक्षात घेवण्यास सांगण्यात आले. मात्र, आधुनिकीत हा पहिलाच अनुभव असल्याने हे तंत्र शिकवण्या त्यांना सुरुवातीला झगडवे लागले. त्यानंतर त्यांनी वन भोजनाचा आनंदही लुटला. दरम्यान या विद्यार्थ्यांना शिबारांगलात अनायासी येताना काटेकुटे, विचकल, राप इ. भीती वाटली होती. लुटण्यास राहरी निरमं प्रोत्साहित करणार असल्याचे या विद्यार्थ्यांनी सांगितले.

दालमिया महाविद्यालयातील विद्यार्थी नगद गावत भातसिवात काम करताना.

- कुनिराकर (शैलेश्वरी, नगद गाव)

पर्यावरण तज्ञ डॉ. गिरीश राजत निरमं शेती आणि शासन जोषना याविषयी तरुणांना प्रेरणा देण्याचे काम करीत आहेत. त्यामुळे या विद्यार्थ्यांनी शिबारांगलात अन्न काम केले. त्यांना खेड्यात येऊन काम करायचे आहे हे ऐकून सकारात्मक वाटले.

- कुनिराकर (शैलेश्वरी, नगद गाव)
