Internal Quality Assurance Cell 2013- 14

Internal Quality Assurance Cell of our college organized a talk by our alumnus Mr. Jayesh Boradia on 'Data Recovery' on Tuesday, 21st January at 2 pm in FT2. A 'Data Specialist' is one who recovers data from pen drive, Hard Disk, NAS BOX, Memory Card, Mobile phone. Data investigation, data recovery, data insurance, password recovery and data forensic are also his areas of expertise.

He spoke on issues such as how to prevent data loss, in what circumstances the data will not be recoverable, mobile security, managing large volume of data and backup. He also elaborated on data backup and life of data on the mediums used.

The talk was interactive and members expected his consultation even beyond the talk. He visited the library and computer lab and suggested safeguarding servers and computers.

On 16th April Dr. Debjit Sarkar, Principal of J.M. Patel College was invited to give an interactive session on C.A.S. for our teaching staff of senior college.

Ms. Swati Mandavawalla
