About the Conference:

Challenges like COVID-19 Pandemic are like one in a century. It will vanish one day for sure. But, it is worth noting that it has realized us what we are and what we have to become. Stress and turbulence are part of human life. The Human Race has survived only due to victorious survival over the odds. Moreover, this crisis has made us realized in what direction, with what magnitude we need to progress and evolve ourself to be able to exist in more meaningful manner. We need to become one who is able thrives, go longer and able to connect to every other existing with us. Moral: We need to be more resilient not to fail easily, also we need to take responsibility of all our deeds, and be responsive to each and every change happening around us, close and far away.
