**Alok Industries** - India's largest fully integrated textile company with a dominant presence in the Cotton and Polyester segments. World class infrastructure, best-in-class technology, uncompromising quality standards and dynamic product innovation.

**Bombay Rayon** - A vertically integrated textile company, engaged in the manufacture of a wide range of fabrics and garments from state of the art production facilities. With fabric manufacturing facilities of 100 million meters per annum, garment manufacturing facilities of 60 million pieces per annum, being expanded to 90 million pieces per annum and a strong employee base of around 38,000; BRFL is today one of the most sought after brands in the Indian as well as International fashion markets.

**Nipra Packaging** - Nipra is engaged in the business of producing aluminum closures (also known as bottle caps or ROPP closures) and printed metal sheets in India. The operations started in 1982 and with steady growth the group became one of the largest players in the metal packaging business in India. Over the years by launching innovative products (printed aluminum sheets) and manufacturing methods (tandem cutting + coating line) the group has earned a leadership position in the industry.
