Nobody can deny the adage - “The greatest wealth is health” - Virgil. Good Health is the priority of every living being and for the human kind this entails keeping the various dimensions of wellness in total control in order to achieve a wholesome life leading to happiness. Complete wellness entails physical, social, environmental, occupational, spiritual, financial, emotional and intellectual wellness. All these dimensions are tied to each other in patterns difficult to understand and an imbalance in any one of these disrupts the circle of wellness.

Thus the theme of the year 2017-18 was ‘Wellness: Body, Mind and Spirit’. The activities of various departments and associations catered to ensuring that the various dimensions of Wellness of our students were affected in a positive manner. The Health and Counseling Cell along with the Career Guidance Cell took upon the onus of catering to the physical and emotional well being of our students. The other departments, be it the Department of Business Communication or the BMM department, helped students to organize research conferences thereby enriching the research capabilities of our students.

Wellness is being affected by the radioactive social media in numerous ways and our youth especially is largely entangled in its matrix and we the adults, unaware of its usage are helpless and are floundering to understand its nitty-gritty’s. We often fail to help them handle the fallouts of Internet addiction be it through Whatsapp, Instagram, Facebook or Cyber games. The number of youth grappling with depression due to cyber-bullying, body shaming and trolling is increasing by the day. We parents and teachers are not taking a serious note of the issue. We need to first use the media in order to understand its far spreading tentacles. The various cyber games that have incited the young to perform violent acts even upon one’s own body leading to suicide is a wake-up call. We need to understand the relationship that our youth shares with the world of the internet today and make them understand the importance of the beauty of life. This is what we have not been able to create enough in our youth and therefore they are easily led astray and are being victimized. Our youth today are falling prey to psychosocial problems – isolation, loneliness, stress, anxiety, low self-esteem, depression, and some even become suicidal.

Let us take upon ourselves the onus of ridding the society of the negativity that is spreading among the youth and causing damage to their wellness – physical, emotional and intellectual. Let us uplift them spiritually by instilling in them the faith and confidence in their own SELF. Eleanor Roosevelt, the diplomat and former First Lady of the United States of America said, “ No one can make you feel inferior without your consent”. If this quote is made the ‘funda’ of our life no amount of pressure from the social media can make our youth fall prey to self-doubts, uncertainties or media pressure. Let us live our best and help others in living our best lives.

Chairman's Message

Prahladrai Dalmia Lions College of Commerce & Economics has successfully lived the legacy for one more trailblazing year. As the Chairman of the Governing Council of the College, it gives me great honor and joy to share a piece of my mind while reflecting on the glorious path of over 45 years. Our college was the result of strenuous efforts of visionary leaders such as Lion Shyamsunder Ruia, Lion Ratanlal Saraf, Lion Dhirubhai Khakhar, Lion Sitaram Singhania of Lions Club of Malad-Borivli and the benevolence of Prahladrai Dalmia Charity Trust. Then, a commerce college, that could cater to the aspirations of the young citizens, which stood on high standards and yet approachable for people from the locality, was need of the hour. While laying the foundation stone way back in April 1972, we envisioned that the students of this noble institution would be groomed in this campus, and would be able to develop as icons of future, contributors to the society, torchbearers of progress, and ethics. After these long years of academic and social delivery, ***I see that we have over achieved our vision, and ambition.***

Now with the overall education undergoing a fast paradigm change, the role of a campus has been redefined. The advancement of technology and digital infrastructure has enabled any person around the world to access information at their fingertips, which has in a way offered alternative methods of learning and information gathering. This marks an important shift in the role of academic institutions of not only imparting knowledge and syllabus to the students, but also infusing values, and strengthening their decision making, as well as overall personality development. Our college has been on the pioneering path, the benefits of which are now available for the students.

The aided-degree college division offers courses in the faculty of commerce from University of Mumbai. The contemporary professional programs like management, IT, mass media, banking-insurance, accounting-finance, financial markets, investment management, Masters Degrees in Commerce are supervised under the Self-Financed Courses division. In addition to this, a special student development package was designed to help students in developing their overall personality and employability; christened as SEED – Student Enrichment & Employment Development Program, the special package is so popular in the region that external enquiries keep thronging the desks for admission. Apart from soft skill development, various job-oriented courses like Retail Marketing, Event Management, Tourism and Hospitality Management, Computer Accounting, Hardware and Networking, Corel Draw, Photography and Editing and Share-Trading are offered by SEED. It is a matter of great pride to announce that the SEED program has been recognized by Maharashtra Business Training Board and is conferred affiliation by the National Skill Development Council.

This year too we have had a list of high energy activities, which in effect gave wings to the students beyond curricular pursuit. The popular inter-collegiate cultural festival – Dalmia Lion's Utsav (fondly called as DLU and has been rated among the top 3 college level programs in Mumbai Suburbs) and Dalmia Lions Khel Mahotsav – a mega sports arena for college level competitions stands out from regular events, and marks the management and event stewardship of our college. Dozens of other programs aimed at social service, entrepreneurial development, debates, seminars, workshops, quizzes etc. complete the co-curricular panorama of the college.

The institution boasts of a diverse, dedicated and highly competent contingent of faculties facilitating the growth and development of our dear students of Prahladrai Dalmia Lions College of Commerce & Economics. The current academic team headed by Principal, and flanked by Vice Principals and the entire galaxy of educational experts have helped the organization achieve an envious position in Mumbai. Academic brilliance was illustrated many times including when our students topped various subjects in the university. I whole heartedly congratulate all the Dalmiates.

Ultimately, everything boils down to a few important aspects, of delivering high quality education, bettering infrastructure, encouraging talents and facilitating overall development of students who enter the campus with an ambition of re-building the future of our society. We are ever ready to meet the new generation with innovative and engaging models of curricular and co-curricular development.

I am sure, for any student entering this college, you would find a mentor, a friend and guide for progress. I welcome all those who aspire to be a part of the great Dalmia legacy.

Let me also thank the editorial team of Spectrum, our college magazine, for consolidating the reports and bringing out a colorful illustration of Dalmia activities. Like I started, all these add to the honor and glory of the Governing Council of which I am a part of. Thanks again. Best Wishes for the following year.

LION SHARAD S. RUIA

Chairman, Governing Council
Prahladrai Dalmia Lions College of Commerce & Economics

Secretary's Message

As a Hon. Secretary of Governing Council of Prahladrai Dalmia Lions College of Commerce and Economics, it's a matter of great happiness to know that the institute is releasing the annual issue of magazine SPECTRUM for the academic year 2017-2018.

I would like to convey my deep sense of gratitude for the faith reposed and cooperation extended to me by all of you. In all humility, I would like to point that, what we have achieved is only because of dedicated faculty, sincere administrative staff, bright students and supportive parents.

At PDLC, We Nurture, We Transform, We Create Global Business Leaders since last 46 years.

I take this opportunity to congratulate Principal Dr. N. N. Pandey, for getting elected as a Senate Member of the University of Mumbai and being appointed as a member of the Board of Studies in the subject – Statistics.

Kudos to Mr. Bharat Pandya – Vice Principal of Junior College, who has successfully completed his research work and is awarded Ph.D. from JJTU – Rajasthan.

Under the able leadership of Principal Dr. N. N. Pandey, Vice Principal (Degree College) Ms. Madhavi Nighoskar, Vice Principal (SFC) Ms. Subhashini Naikar and Vice Principal (Junior College) Dr. Bharat Pandya, our college is relentlessly striving to maintain excellence in the field of Academics, Sports and Extra Curricular Activities.

Finally do remember – **“It's your Attitude and not your Aptitude that determines your Altitude.”**

Seize every opportunity to learn. Today's learners are tomorrow's leaders.

Thank You,
With Regards,

LION KANAHAIYALAL G. SARAF

Hon. Secretary Governing Council
Prahladrai Dalmia Lions College of Commerce & Economics

Principal's Message

“The whole purpose of education is to turn mirrors into windows” says Sydney J. Harris. We at Prahladrai Dalmia Lions College of Commerce & Economics aim to nurture the curiosity of our youth and lead them on to a life of ‘light’, a light which will teach them to discern the right from the wrong; to choose the ‘true’ from the ‘fake’ and to understand the worth of ‘kindness’ and ‘humanity’ as they move ahead in their path of success.

Our institution since 1972 has endeavored to give our students the best in all fields – be it curricular or extra-curricular. Building a wholesome personality of our youth into ‘icons of tomorrow’ is what we have always yearned for. “Nine tenths of education is encouragement” says Anatole France. Our teachers are constantly driven to mentoring students and passionately empowering them to become better in their chosen fields. Today our students make us proud by bringing in laurels for their alma mater in diverse arenas – be it academic, sports or the cultural.

Spectrum 2017-18 gives you a glimpse into our endeavour to develop the personality of our students around our following Core Values:

- Contributing to National Development
- Fostering Global Competence
- Quest for Excellence
- Sensitizing students towards Social, Environmental & Cultural Issues
- Promoting Right Use of Technology
- Each One Reach One

We provide our youth wider vistas of learning – the Dalmia Lions Utsav, our intercollegiate festival provides all youngsters of Mumbai a platform to the budding artists and talented youth, to fire their imagination and showcase their prolific virtuosity in dance, music and art. The Dalmia Lions Khel Mahotsav is a mega sports event that encourages teams of Mumbai Colleges to clash with the best in the field – football, volleyball, cricket and carrom – all offer moments ‘where sheer human will and desire overcomes the odds’.

“The only person who is educated is the one who has learned how to learn ... and change” says Carl Rogers. Our teaching staff is ever engaged in research activities which lead us to organize conferences and seminars for the teaching fraternity every year. This year we had Dr. Jagannath Patil, Adviser, National Assessment and Accreditation Council, Bangalore, as the Key Note Speaker and Chief Guest at the National Seminar on ‘Revised Accreditation Framework by NAAC’. Encouraging the changes in the sector of education and understanding the methodology of the quality enhancement process was the objective of this seminar.

Not only teachers but also our students are encouraged to create new perspectives of knowledge and understanding through research. The student research conferences: this year on “Youth and Wellness: Body, Mind and Spirit” and ‘Gender Sensitization’, encouraged the spirit of inquiry and research in our students.

Our value added program Student Enrichment and Employment Development Programme (SEED) is in place to provide our students with the necessary skills that would enhance their employability skills. For we firmly believe in the words of John W. Gardner: “All too often we are giving young people cut flowers when we should be teaching them to grow their own plants.”

We at Prahladrai Dalmia Lions College of Commerce & Economics try to understand the yearnings of our youth, try to tap their potential and help in realization of this potential by careful nurturing and encouragement. With an encouraging Management that helps to facilitate a powerful learning environment this is made possible.

My teaching and administrative staff together put in their best to imbue the teaching-learning process with ease and comfort. The nerve centre of all our endeavors is our student and to nurture and nourish this sapling into a youthful spirited ‘icon of tomorrow’ is what we all aspire to.

Innovation:

The department continued with an innovative practice under the theme 'Uniformity'. This practice was adopted to track the teaching plan prepared at the start of the academic year. With the semester system in place, the teaching days are not enough to include revision and paper solution. Hence to ensure the syllabus is complete in time with the provision for revision this practice was planned and executed throughout the academic year. The purpose of this following this practice was also to ensure that all members in the department follow a uniform pattern of solving examples of various difficulty levels. The process of uniformity is yet to evolve to conclusive outcome, yet this exercise helped in tracking the teaching plan. Contribution to eco-friendly theme – less paper use.

The department also took measures to cut on paper use by displaying the tutorial sheets on notice board as well as solving them on board in tutorial lectures.

Convocation

Students & Teachers felicitated by Chief Guest Dr. B. A. Chopde,
Vice Chancellor, Dr. Babasaheb Ambedkar, Marathwada University.

'Long years ago we made a tryst with destiny, and now that time comes when we shall redeem our pledge, not wholly or in full

measure, but very substantially. At the stroke of midnight hour, when the world sleeps, India will awake to life and freedom,'

Pandit Jawaharlal Nehru.

Aazadi

This iconic speech of Pandit Jawaharlal Nehru made on the midnight of August 14, still resonates today. It was the first voice of Independent India.....The year 1947 saw the birth of new India. A country which stood poised for a new beginning. It's been 71 years since that August in 1947.....

Commemorating the 71st Independence Day, the college celebrated – Azaadi on 15th August. It is a day to pay our homage to great leaders who sacrificed their lives and secured freedom for our country from the foreign rule. Their sacrifices enabled us to breathe this air of freedom. People from diverse backgrounds irrespective of their religions, castes, classes, rituals, beliefs, customs and traditions share a strong bond of unity. It is a day to celebrate this 'Unity in Diversity' and salute our freedom fighters for the hard struggle for Independence of India.

The Aazadi Celebration began by unfurling of tricolour by Lion Atit Ruia, President of Lions Club of Malad-Borivli. The National Anthem charged the environment with patriotic emotions and invigorated feelings of pure devotion, loyalty and respect for the nation. The Pledge was also recited as a binding promise between us and our Nation to honour our basic duties to maintain peace, unity and brotherhood in this vast country.

The NCC cadets performed parade with utmost precision and discipline. The President and other Lion members were escorted by the Principal for 'Parade Nirikshan.'

Students from extension activities (DLLE, NSS, NCC) and Students' Council were present in large numbers to celebrate this Day. The entire college campus was charged with patriotic fervor. The Aazadi Celebrations were bigger and better this year. It was divided into two segments this year.

Cultural Activities:

Solo Dances: Ms. Jyoti Pol of TYBCom performed an Indian classical dance, Bharatnatyam. Her dance was a combination of spectacular footwork and rhythm with expression. She conveyed the meaning of the soul stirring song 'Ye Duniya, Ek Dulhan' through stylized hand gestures, beautiful facial expressions and bodily movements.

Ms. Nimisha Surolia of FYBMM performed a contemporary dance on the song 'Maa Tujhe Salaam.'

Due to their wide range of movements and postures and the balanced mélange of the rhythmic and mimetic aspects, they received words of praise from the audiences.

Skit: Rape, molestation, kidnapping and murder are the most common forms of crime against women. The women in India are also vulnerable to acid attacks and eve-teasing. The mindset of the people including the victims and the spectators is to ignore and let go. We fail to realize that these instances of harassment can flare up into bigger heinous crimes against women. And that is when the importance of self-defence techniques is felt.

'Self-Defence' being the need of the hour, our students presented a skit titled **"HAMARI AASHA"**. The skit beautifully conveyed a strong message of self-empowerment through self-defence. The skit also created an awareness about the various laws that aim to protect and prevent women against all forms of atrocities. The actors of the play were-Vishal Chauhan, Khushboo Chaurasiya, Snehal Yadav, Zufisha Shaikh, Samrin Kherani, Afia Khan, Sumbul Khan, Nousheen Khan, Sujata Singh, Surekha Tiwari, Jazeb Shaikh, Neeraj Shetty, Raj Shelar, + Bhagyashree Patale, Nikita Gawde, Jayant Joisar and Ruchi Sharma.

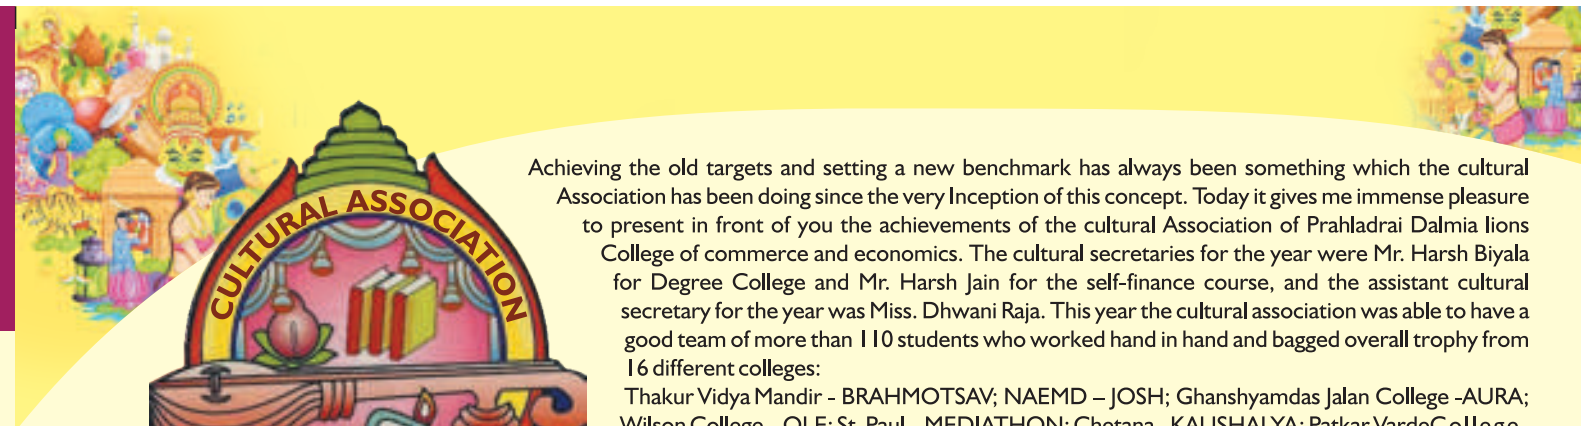

Patriotic Songs: The College echoed with the melodious patriotic songs. Mr. Mangesh Singh, a NCC cadet rendered a heart touching song - "Mera Raang De Basanti Chola".

Group Song: The singers – Sheetal Soni, Archana Poojary, Divya Kardam, Jayshree Karmokar and Saurabh Jha sang a medley of songs- Sujalam Sufalam, Aazadi Aayegi, Jai Ho, Saare Jahan Se Aacha and Vande Mataram. The song evoked a strong sense of pride and responsibility.

The Dalmian Community Project: Osarvira, Palghar

Conducted by: Extension Units – DLLE, NSS, NCC & Students' Council

The word Social Responsibility is very significant in today's time when deprivation, inequality and suffering are staring us in the eye even as the per capita incomes increase and the middle class inches upward.

It reminds us to "Look beyond, I, me, myself and my Circle".... to reach out and contribute to society in whichever way we can... Things that we take for granted such as clean clothes, medical attention and education and sanitation are indeed a luxury for so many of our fellow human beings... Therefore, it is our primary responsibility or very duty as human beings to make a positive difference.... in whatever way we can.

Poverty, food prices and hunger are inextricably linked. Poverty causes hunger. Not every poor person is hungry, but almost all hungry people are poor. Millions live with hunger and malnourishment because they simply cannot afford to buy enough food, cannot afford nutritious

food. Hunger can be viewed as a dimension of extreme poverty. It is often called the most severe and critical manifestation of poverty.

Rural households are the most heavily burdened by the consequences of poverty and hunger. In addition to causing hunger, poverty limits a rural community's ability to invest in its own development. Recognizing the urgency of this issue, our college along with the Lions Club of Malad - Borivli decided to take a step towards uplifting the status of the marginalized in its own small way.

We can serve others in endless ways by using our own creativity and imagination. When one looks for opportunities, it is easy to locate small ways to help even amidst busy daily routines. In line with the theme of the extension unit of "Reaching the Unreached", it was decided to carry on the assistance programme more intensively and extensively with the necessary aid from Lions Club of Malad - Borivli in the adopted village **Osarvira, Taluka: Dahanu in Palghar District**. The village is situated 120 kms from Mumbai.

A need assessment survey was conducted for determining and addressing needs and identifying "gaps" between current conditions and desired conditions. Data was elicited from the former Sarpanch—Mr. Naresh Korda, Rozgar Sevak, Mr. Dilip Korda and teachers of Zilla Parishad Schools—Mr. Rajeshwar Biradar and Mr. Deepak Sonawane. This survey helped in clearly identifying the problem and for directing the resources towards developing and implementing a feasible and applicable solution.

Service, whatever form it takes, is the flow of love from one human being to another. Sincere giving -- without any expectation of return -- breaks the boundaries of conditional love and expands our ability to love every human being unconditionally. As a small medium of contributing towards society, we conducted a **One Day Mega Medical Check – Up and Distribution Campaign in the adopted village - Osarvira** on Sunday, 7th January, 2018 along with 40 committed student

volunteers and 11 degree college teachers. Committed students of extension unit (DLLE, NSS, NCC) and Students' Council helped in undertaking this project. Teachers who contributed their time and energy for this campaign are: Ms. Sharada Gaitonde, Dr. Shiva Padme, Mr. Rajesh Ruke, Ms. Shami Nimgulkar- Kamble, Mr. Sachin Bansode, Ms. Emelia Noronha, Dr. Rajesh Bombe, Dr. J.P.Yadav, Mr. Sandeep Gupta, Ms. Harshada More and Ms. Divya Waghela

A day prior to the campaign, a group of 3 volunteers (Mr. Jitesh Hatle, Mr. Vishal Chauhan and Mr. Vipul Patel) along with 2 teachers visited the village for pre-camp arrangements in order to facilitate smooth execution of the campaign on the said day. Items for donation were off-loaded from the truck and were neatly divided and arranged and banners and arrows for directions were put up on the highway and all other necessary and relevant places in the village.

The Dalmian Community Project: Osarvira, Palghar

Conducted by: Extension Units – DLLE, NSS, NCC & Students' Council

A glimpse of activities conducted:

1) Distribution of Bedsheets, Soaps:

Service is our own inner joy pouring forth into action. It is not a compulsion, duty or uncomfortable obligation, but instead a natural state of mind that is poised to offer what is needed according to time, place and situation. Seva connects us to others and makes them a part of us. The barriers dissolve that separate our happiness from their happiness. Lingering moods of unhappiness or depression dissipate when our focus is on helping someone else. We come to realize that the true measure of our lives is not how much we have gained for ourselves, but how much we have given to others.

Around 200 people were donated bedsheets and 500 pieces of Soaps were also donated to school children and villagers.

2) Medical Camp:

The Health Care Camp was one such special initiative by the Lions Club of Malad- Borivli to meet the immediate health care needs of the marginalized community in remote rural areas.

The medical camp lasted throughout the day. Around 300 patients took benefit of this camp. Women primarily suffered from backache as they had to fetch water from long distance. Vitamin tablets were administered to them. The men were found to be suffering with health issues related to heavy drinking. Many cataract patients were also diagnosed. Most of the children suffered from

severe problem of scabies. Students were given ointments, soaps and medicines free of cost. All the patients were given general medicines and those who were found to be having larger health issues were advised to visit the general hospital at the earliest.

3) Donation of Footwear, toothbrush, toothpaste, chocolates and biscuits to School Children:

Things that we consider as "normal" are beyond reach of many.... Things as simple as footwear.... which appears trivial... but is very important... Let us try walking on burning roads in the heat, or dusty terrains with thorns... We will not be able to sustain. Such is the pain that the deprived undergo and such is the terrible nature of their hardships. Their paths are laden with

pain. A footwear is a source of great solace to their feet and minds. It makes a journey that much more bearable and enjoyable for so many, especially school kids.... There are city dwellers that would spend so much on pedicure and foot massages and there are some whose feet have endured heat, thorns and infections. Footwear is a first significant step in that healing.....

After realizing these hardships faced by school children from a pre-camp survey, footwear were donated to 250 school children of three Zilla Parishad Schools. This step was highly appreciated by the school authorities and the smiling faces of the children drenched the souls of all present with a sense of fulfillment. 250 Toothbrushes and toothpastes each were also donated to these children. Chocolates and biscuits were also donated. There was a special magic show arranged for the school children which they thoroughly enjoyed.

4) Donation of Cupboards, Tables and Chairs to School:

Steel Cupboard, tables and chair were donated to the Zilla Parishad schools.

5) Donation of Chairs to the BAYAP Hall:

30 plastic chairs were donated to the community hall.

6) Donation of Sarees, Towels and Mats:

One in five citizens in India—that's 270 million people—live at or below the international poverty line of US\$1.25 a day, according to The World Bank.

They live with what they wear on their bodies. While food and clothing are both basic necessities, India's poor generally prefer the former over the latter for obvious reasons. For many, clothing remains an unfulfilled need their whole lives. 200 women were donated sarees and mats and 200 men were donated towels.

7) Donation of Sewing Machines:

To generate self-employment in villages, 10 sewing machines were donated to women who had formally received training in stitching.

8) Anaaj- Dan:

200 poorest of the poor families were identified and they were donated- Tur Daal, sugar, edible oil and salt.

9) Inauguration of Lions Medical Centre:

The adopted village lacked basic health infrastructure and the immediate health relief is available only 10 kms away from the village. This situation called for timely care and diagnosis. The Lions Club of Malad-Borivli after realizing the gravity of the problem, constructed the Lions Medical Centre (permanent project) with an intention of providing charitable medical services to 5000+ neighboring villagers. The Lions Medical Centre was inaugurated by the Chief Guest: DG Lion Sunil Patodia.

The Lions Medical Centre was constructed due to the sincere efforts and commitment of Lion Atit Ruia-President Lions Club of Malad-Borivli, Lion Rajesh Jain- Secretary, Lions Club of Malad-Borivli, Lion Amit Agarwal- Treasurer, Lions Club of Malad-Borivli and Lion Manish Nemani- Chairman, Lions Club of Malad-Borivli.

10) Donation of Clothes and Cloth Pieces:

All the above mentioned donations and contributions were possible due to the special and concerted efforts of the President of Lions Club of Malad-Borivli, Lion Atit Ruia and other Lion members.

The Dalmian Community Project: Osarvira, Palghar

Conducted by: Extension Units – DLLE, NSS, NCC & Students' Council

The students and teachers of our college in their own small way also made valuable donations. Details of donation are mentioned below:

1) Donation of Clothes, Utensils, Stationary:

It is tested and proven that when service is made as the biggest agenda in life, it eliminates fear, brings focus to our mind, purposefulness in action and long term joy. When service is done, it brings naturalness and human values back to the society. For the young, spirituality is all about bringing out the sharing quality in the Haves while enabling self-confidence in the Have-nots. This campaign aimed to foster these values among students. There were explicit twin objectives: i) To enable students understand the socio-economic realities of the under-privileged ii) To train students to grow up as responsible citizens without a self-centered worldview.

Students from our college donated clothes for people across different age group. Utensils and stationary items (books, pencils, scales, erasers, sharpners) were also donated by students.

Lessons Learnt.....

The Intention Matters and Not the Labels... The nobility and genuineness of the act matters, not how it is packaged and classified. It is not just the contribution, but the underlying intention and urge to be useful to society that counts. These are times when we must rise beyond all likes and dislikes, broaden our horizons, enhance our vision and look beyond our narrow confines.

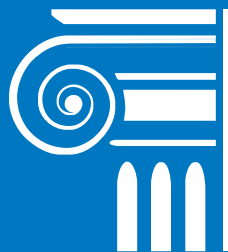

These are times to make a positive difference and touch lives and heal them. Isn't this intention more important than details of classification and labeling. We must be true to our conscience and do our very best.

The extension unit is grateful for all the help & support provided by the President of Lions Club of Malad- Borivli, - Lion Atit Ruia and other Lion members, Management and Principal Dr. N. N. Pandey. We would also like to extend our heartfelt thanks to all the teachers for their generous contribution and donation towards making this campaign a great success.

Last but not the least, a big thank you to all the student volunteers who selflessly and untiringly worked towards gathering and disseminating the resources among the less fortunate.

DEPARTMENT OF **LIFE LONG LEARNING AND EXTENSION** (DLLE)

The Department of Life Long Learning & Extension (DLLE) has been recognized as a Statutory Department of the University of Mumbai since 1994. It aims to promote a sustained rapport between the University & the Community. The Extension dimension of the Department facilitates the sensitization of the students to the socio-cultural realities. The department offers extension work projects encompassing social issues to the students.

The Department of Life Long Learning & Extension (DLLE) of our college started the enrollment of students from the month of June and it enrolled a total of 154 students for the academic year 2017-18.

The Department is spearheaded by Prof. (Ms) Shami Nimgulkar- Kamble (Economics Department) & three most enthusiastic teachers Prof. Mahendra Pachadkar (Commerce Department), Prof (Mr) Sandeep Gupta (Mathematics & Statistics Department) and Ms. Mani Govil (Self-Financing Courses). To ensure efficiency in the execution of the extension work & to assist the teachers in the work involved, the extension activity of the Student Managers was felt pivotal. The pillars of the department (Student Managers) were: Chauhan Vishal, Chaurasia Khushboo, Jyoti Agrawal, Zufisha Shaikh, Raviraj Dudheria, Anshu Tiwari, Janita Rapaka, Vaibhavi Patel, Kajol Korgaonkar and Mehek Panchal. The Department was inaugurated at the hands of Principal Dr. N.N.Pandey.

The Department this year enrolled students under 2 extension work projects:

- 1) "Survey of Women's Status (SWS)" and
- 2) "Population Education Club (PEC)".

The purpose of SWS project is to make the students sensitized about the problems faced by women & to generate a sense of realization among students to be a contributory factor towards their empowerment. Our students conducted a survey of women in the age group of 20-60 years. They interviewed 25 to 50 women each in the areas chosen under the project. These projects thus provide a forum for exchange of ideas, innovations, amassing knowledge & provides a chance to increase the representative voice of those traditionally under served & ignored in society.

The purpose of this initiative is to educate the present generation about population, development and environment for a better quality of life of their own and at their future generations.

The Extension work teachers attended:

- 1) The First Term Training Programme at Patkar College, Goregaon (W) on 8th August 2017.

A blood group directory of 89 extension students was sent to the Department of Lifelong Learning and Extension, University of Mumbai.

The Department organized a One Day Workshop on 'Leadership and Responsibility' on 23rd September 2017. Mr. Amol Wagle, International Faculty of the Art of Living was invited. 80 DLLE students participated.

Through innovative techniques he helped students explore their inner selves and that too with so much fun and enthusiasm. The students were made aware about their sense of responsibility through interactive games and procedures. The techniques required for uncovering the leadership qualities were imparted. Students were made to observe a sense of trust, responsibility, team behavior, creativity through soul rendering processes. Students were also made aware of the role of life skills in understanding leadership skills and enhancing them. In a nutshell, this workshop helped students to break free their boundaries and unleash the power within. The workshop was a sincere attempt in infusing the qualities of leadership among the students and encourage them to become agents of social change.

Things that we consider as "normal" are beyond reach of many.... Things as simple as footwear.... which appears trivial... but is very important... Let us try walking on burning roads in the heat, or dusty terrains with thorns... We will not be able to sustain. Such is the pain that the deprived undergo and such is the terrible nature of their hardships. Their paths are laden with pain. A footwear is a source of great solace to their feet and minds. It makes a journey that much more bearable and enjoyable for so many, especially school kids.... There are city dwellers that would spend so much on pedicure and foot massages and there are some whose feet have endured heat, thorns and infections. Footwear is a first significant step in that healing..... The Extension Unit participated in a noble mission- **"Nanhe Kadam-** an initiative to help the needy to walk a mile" on 1st October 2017. Students collected 250 pairs of old footwear to be donated to Greensole Company. The Greensole Company converted them into comfortable footwear. These footwear were then

donated to children in need.

On 14th November 2017, a Diabetes Awareness Camp was conducted. It aimed at spreading awareness regarding the symptoms, preventive measures and curative measures among students. A question and answer round was held to clarify the doubts of the students with respect to diabetes. After the seminar a health checkup camp aimed at assessing the BMI was conducted.

The Department initiated **"MUSKAAN"** - a drive to spread smiles. This drive was conducted throughout the year. As a part of this drive, 15 groups of DLLE students comprising of 5 extension students each visited various orphanages in Malad, Borivali and Naigaon. The students interacted with the children and organized several competitions for them. They played games like cricket and basket - ball with them. They also taught them poems and made them recite after them. Extension students served them home-made food. Students donated stationary, drawing books, colours to them. The extension students also discussed about environmental issues with them and explained to them how they can be contributory factors in reducing the environmental hazards. Some students also spent time with families who were not blessed with an abode and also served them food.

Our extension students participated in the **One Day Mega Medical Check-Up & Distribution Campaign organized by our college at Osarvira- A tribal village in Palghar District on 7th January 2018**. This campaign had twin objectives – i) To enable students understand the socio-economic realities of the under-privileged ii) To train students to grow up as responsible citizens without a self-centered worldview.

As a part of this initiative, our extension students donated clothes, schools bags, shoes, utensils, toys etc. The medical practitioners were assisted by our extension students in carrying out the Medical Check – Up Campaign. To instill the qualities of research among our students, we also undertook a research project to assess the Socio-Economic Status of the Tribals in the said village.

We are proud to state that our college won the **Second prize at inter-collegiate skit competition–UDAAN – 'A Flight to Extension' organized by the The Department of Life Long Learning & Extension (DLLE), University of Mumbai** on 20th January, 2018 at S.M. Shetty College, Powai. Our skit titled **"Hamari Safety"**, performed at the UDAAN festival conveyed a strong social message of one's safety. The drama cited examples of recent calamities at Kamala Mills and Elphinston and emphasized the role every individual in averting such kind of calamities. The drama also spelled out the numbers to be contacted in case of emergencies. Love Is A Human Right.

Am I allowed to love?

Am I allowed to love a person of my choice?

Being a woman am I allowed to love a woman? Or Being a man am I allowed to love a man?

Wait, what? Yes you heard me right. We live in 21st century and yet we are not allowed to love a person of our choice and our society will never accept the Lesbian, Gay love. Love has no boundaries. Society has to stop depicting them as criminals. Every love is equal. Society needs to understand that, being a lesbian, gay, bisexual, transgender is not a crime. People around the world face violence, inequality, undue influence, torture, domestic violence, Coercion, and failure because of who they love, how they look, or who they are. Sexual orientation and gender identity are integral aspects of us and it should never lead to discrimination or abuse. We share the same race of humanity. Every individual is born with equal rights. People deserve respect, dignity and security regardless of their ethnicity, religion, sexual orientation or gender identity. It doesn't matter if they are male, female, transgender, gay, bisexual or whatsoever, they should be given the same opportunities and rights as the flawless ones have.

Today & for the rest of my life, I fight for the time till I See Rahul Weds Akash or Tina Weds Karishma displayed on the wedding card.

Enable India, let's give a hand . . .

Around 4 - 8 % of people in India are persons with disabilities, but India is still quite behind in terms of acknowledging and assimilating them in the workforce. A major reason behind this is the lack of awareness about disabilities. Many employers do not know how workplaces can be made more accessible to people with disabilities or how to look at them as human resources. This results in persons with disabilities being stigmatized as burdens and being forced to be dependent on others. How can we change our workplaces to ensure that persons with disabilities get the opportunities they deserve?

The first step is disability awareness – It is essential to make employers aware about the different kinds of disabilities, as different disabilities come with different challenges and required intervention, and also to change their mindsets about persons with disabilities.

The second step is job analysis - To ensure that a person with disability is able to work optimally; their skills have to be matched to the job role. So, at Enable India, we do a careful examination of job tasks to help employers hire persons with disability better. Workplace solutions and accessibility of premise and IT tools are addressed.

The third step is peer awareness – Just employing a person with disability isn't enough sometimes. It is important for us to sensitize the co-workers and address apprehensions of the other employees in a company to help accommodate and assimilate persons with disabilities, so that the work environment functions smoothly.

Sometimes, persons with disabilities need some initial hand holding to help them get familiar with the workplace to ensure that the premises are accessible and comfortable. This is something that Enable India can help employers do.

Finally, ensuring that follow ups happen with the company and employer to create a culture of inclusive hiring. Communication about challenges to both employers and their employees with disability is one of the best ways to ensure accessible workplaces.

Given the deep biases against people with disabilities and acute lack of information, there is a lot more that goes behind prepping both the employers and the candidates. The first thing to do for all of us is to let go of our preconceived notions and look at persons with disabilities as individuals who contribute as much as (if not more than) any of us, and who can in fact make our workplaces more inclusive and efficient.

COLLECT MOMENTS

Things... Things like teddy bears, roses, chocolates and pretty much every cute item will be advertised, and while it's great that there are so many options to choose from to show how much you love and appreciate someone.

Random trips with loved ones, an unplanned picnic, are the ways in which you can hold the moment and tell them just how much they mean to you.

Take time to live the each moment of life and create memories that you can be happy with. Collecting moments means enjoying what you have and who you have in your life.

And remember,

People were created to be loved not like things to be used. The reason the world is in complete disorder because things are being loved and people are being used.

While you are alive collect moments not things, earn respect and enjoy love not luxuries.

You never know when the life ends and you can only leave behinds those moments shared.

LETTER TO THE SOCIETY...WHAT IS SOCIETY?

A society is where everyone stays together who express their feelings have right to speak, freedom for everything. In society there are three genders who stay together like male, female and transgender all of them have their right to speak in society but why don't transgender have their right to speak? ... Today, I am going to throw some light on the issues of Transgender. This society is made of love and respect. Can't we respect them? Like we respect each other and leave in peace...

Transgender should have their own rights. I know that they are different from us but they are also human beings like us. They are hated by everyone in the society. They don't have proper facilities, proper work place so that they can earn for themselves. Why should we hate them? In India, transgender are betrayed by everyone. BUT, during occasions or baby showers, we called them to shower their blessings but when they come across us in public places they are being abused. I have seen many people who hate them. Why? In India, we have to right to speak and right to live why we ignore them let's respect them. Where ever they go people get annoyed from them and because of that, they don't have proper job to work so they are forced to become sex workers, and even end up begging. We have to stop this. They are not harming us they just want their freedom we can't judge anyone in our country for their dressing or for their behavior. Society must raise a voice for their freedom.

We must be careful with our words towards them. Let them be free from all the discrimination that they are facing in our society .They should get their proper legal rights what they wish for. Let's make them feel comfortable in our society and give them as much respect as much love we get from our society because at the end even they are human beings..

Some beautiful quotes:

"Makeup can be used to express yourself as well. Those experiences should not be limited to women. Everyone should be free to be as colorful as they want to be."

— Ian Thomas Malone..

"All men are liars, said Roberta Muldoon, who knew this was true because she had once been a man."

— John Irving

The Power of Mind

What is Mind?

Mind is the set of cognitive faculties including consciousness, perception, thinking, judgment and memory. It is usually defined as the faculty of entity which is thoughts and consciousness. It holds the power of imagination, recognition and appreciation that develops the processing of emotions and feelings, resulting in actions and reactions.

What is the power of mind?

Power of Mind is one of the strongest and most useful power you possess. This consists of your conscious mind. It is the thing that we think in our everyday life and it has an effect on our everyday life. The predominant thought is what we think in our conscious mind which results into reality. So, as is your thought, it is your life.

Some people are commonly confused between brain power and mind power. However these are two different entities. The brain power is what we use in our day to day activities like breathing, eating, sleeping, working and so on. The mind power is very real and it develops in our conscious mind. The brain power is very real and tangible, the mind power is very real and it is intangible and it responds on a powerful thing or happening.

The mind has two parts Conscious mind and Unconscious Mind. The conscious mind is that which is inside of your awareness. This means that everything that you think and talk about takes place in your conscious mind. The Unconscious mind is that aspect of mind that is outside of your awareness. This means that anything that you are unaware of takes place in your unconscious mind and it still affects your everyday life.

According to Earl Nightingale, "whatever we plant in our sub-conscious mind and nourish it with emotions and feelings one day become one's reality."

When we talk about love it isn't in our mind but it's a feeling for other person: even in hard times when he/she is not in love but they feel, this happens in all our sub-conscious mind. It is our desire, dream and ability that occurs in sub-conscious mind.

According to Sigmund Freud's Psycho-analytic theory the thoughts are Id, Ego, and Super-Ego. The Id corresponds to the pleasurable feeling of man, the Ego corresponds to the reality or objective thinking of the man, and the Super-Ego corresponds to the analytical thinking of pursuing the future things. Dialogical Mind is a superlative quality in human mind. Because it expresses the emotion in dialogue and it is very creative thinking in human mind which is very powerful in expressing things and emotions and feelings in an desirable manner.

Several studies have been attempted to know that human mind can replace cyber mind or not but it does not succeed because the cyber mind can only store more of information but it cannot express the emotions and feeling as human mind. Though it is said that human mind can remember 10 to 25 percent of information but it can store 100 percent of information through his/her good knowledge skills and it is the fact that human mind has developed the cyber mind. So, human mind is more powerful than cyber mind.

The human mind is so powerful. So, we should not waste our mind in unwanted desires. It is a gift to us by God. We should not only focus on one aspect of mind because it is misuse of human mind and our mind is so powerful that it can focus on more than one aspect.

However, our mind is divided into two parts so it is very powerful to store data (information) and we should make full use of our mind and use it to the fullest. The conscious and sub-conscious part of mind is explained before and it proves that our human mind is very powerful.

We make commitments and it is our duty to fulfill the commitments and also it is our duty to manage it accordingly. The power of mind helps us to solve the problems and manage the things. As we know that as a human being we all have problems and it is very important to remain mentally strong and solve the problems. If we are mentally strong then our power of mind is very supportive to handle the problems. And this power is a God's gift. So we should not waste it and utilize it as it is our talent and what we think in our mind that affects our life directly. So think good, our life will be definitely Good.

"If we think positive in our sub-conscious mind then our life is going to change."
"Our conscious mind is 30,000 times more powerful than our sub-conscious mind."

Growing Up With a Single Parent

A parent is God's gift to a child and a child is a blessing to their parents. Children look up to their parents, imitate them and aspire to be like them. However, what happens when that 'them' becomes "him/her?"

That's when single parent come in. A single parent has to put in twice as much as the hard work than a normal parent.

A single parent is a hot topic of gossip mongers of the society. And if the child of such parent makes a mistake or does something opposing societal norms then lo! Even more, for the gossipers to chat about. And among all this the parent has to keep their head up high and walk through life every day.

A single parent does their best for their children. They go to the greatest extent, sacrifice their happiness, pleasures and comforts just to keep their child content.

It's a myth that children of single parent are spoil, off track as not good enough. Many of such children have achieved great heights. Society looks low upon a single parent. But what is the assurance that the person you marry will be with you till your last breath? And if spouse has left and gone, then at what fault is the parent who's left behind? Who are we to judge? Who empowered us with this authority?

No one can judge another person's life without knowing what they are going through.

A single parent works double, struggles double but reaps more than one of the children. Most of the single parents play the role of both mother and father. A single parent focuses all their attention on the child which is so beautiful; because all we need is the 'time' of our loved ones. Parents with spouses share all their stuff with the partner, but a single parent shares with the child. This also brings the child to open up and creates a special bond among the parent-child.

If the parent-child duo is mother-daughter or father-son the parent role gets replaced with 'best friends' as could ever be. If the single parent is a woman then she deserves a salute!

There are also those types of single parents who are no single! Meaning they live along with their partners under the same roof but get no contribution whatsoever from the other partner be it financial or moral. What about the child when all this happens? The child will be determined to either get married or remain single looking at the life of their parent. Pick up any child raised by a single parent and enquire they will give you the same answer.

When I see a single parent I see more focus, more hard work, more determination, more pride in the child and an extra ounce of lone. A single parent is capable in every way as normal parents if not more so like them.

It is hard to fathom how when a child raised by a parent goes abroad to settle and put the parent in an old age home. It is heart breaking then to know that the parent who spent all their life to raise the child do not get taken care of by their children. If a parent becomes single due to an unfortunate death of the spouse, they usually choose to remain single forever. So that the child does not get hurt or feel their love is being divided. This is a huge sacrifice to make letting go of your lonely life.

What if we as spectators of society do? We should not place such parents on the spot. Rather we should be understanding towards them, take care of their child if they need. Help them as much as possible. Because help given is always returned double!

Ultimately a single parent is a strong pillar of strength, who does not get intimidated by anyone or anything. They strive hard for their baby and get things going.

TEENS AND FAMILY RELATIONSHIPS

A Coin is always two sided. A coin with one side cannot be imagined. Similarly, is the concept used in the relationship between teenagers and their family. Both are interdependent on each other. Due to age gap and misunderstanding there is less bonding between them.

Every teenager has problems in some or the other way. There is no doubt about it. As any parent of teenager knows that discipline can be a difficult and confusing issue. Of course a teenager knows what is the right way to comfort, behave in a good manner and make their parents happy. Discipline is not about the punishment, it's about developing people's responsibility. This is one of the reason where teenager may think that punishment is for something else. Here they start disobeying their parents which result into conflicts.

It's a shame on our self to lay ourselves to lie oneself and not to bother about anything and considering our parents as machine with no time to do our own business. Let's ask ourselves, why do teenager get angry when their family punish them? In other words, what is going on in this world to see the huge gap between the teenager and the family? There may lots of reason for this problem. One of the biggest problem is internet and media, due to which teenager choose to maintain secrecy in their life. Internet has become the new father, guider due to which they have their self-created distance from the parents and remember them only when they are in need of money.

Teenager should do things which their parents like and avoid the ones which the parents dislike. Even the parents should know which is the best way to react. Teenagers love freedom in their life, accordingly parents should understand them and save their relationship by being friendly and being frank to them. On the other hand teenager should not take them for granted. Teenager face problem where they get stuck in them. They are reluctant to share it with their parents. But they should realize that none other than their parents is going to help out of any problem. If these misunderstandings are solved then a new relationship of love, trust and respect will arises between the teenagers and their family. Hope every teenager and family is able to develop such a relationship.

Teens and Family Relationships

The age of adolescence is a very crucial time in a child's life. It is that time period of life where physical, emotional, mental and Internal changes occur in a child's body. During this period of life the child feel insecure as certain changes take place in their body.

When the child is young, it is the Soul duty of parent to support their children and nurture them accordingly to get them settle in the society they live in. Where the child is young, he does not understand the things and scenarios that occur around him. He does not wish for latest gadget or expensive things. But once he enters the Teenage level of life, he wishes to have all the luxuries.. His life has now been developed up and he knows that he has to take charge of certain duties pertaining to household and family.

The teenage level creates differences in the mind of child and his parent. There are certain things that child want to do just because he thinks it is cool. When such scenarios occur, the parents should make their child understand that it may sound amazing but can be illegal and dangerous. During this phase, a child get separated from his parent just because their thoughts did not match. This type of situation can be avoided but for this the thoughts should match.

If the child does not understand the way you are explain it to him, you can go for some life example. This is the main time period that decides whether the child is going in the right path or vice versa. It is a time period where the child requires parents time and their attention the most. They want their achievement to be celebrated and appreciated. Dinner time is the best time where parents can interact with their children. Parents should share their moments with the children to show them in how much comfort they are living it. It is every child's habit to make bad friend and once in a lifetime get indulge in bad activities. It is the sole duty of parent to guide their child to safe and secure path. Not only the age but also the mindset differentiates between an adult and child. Live life wisely and happily. The things parents should teach their children is to trust and to live happily no matter what, the best in yet to happen.

GROWING UP WITH A SINGLE PARENTS

“It's difficult to live without parents, as they are the motivator, the birth giver”

Growing up with a single parent is very difficult task. The child has to face many problems regarding health issues, mental stress, daily works and in each and every step of their life they have to face hurdles. They have to go to through every difficult situations happening in their house.

Growing with a single parent the child becomes more Independent and learns to tackle their problems on their own. They face the real world, how and what are the truths of life. They tend to be more realistic than being fake.

This topic relates the most with me and the quote, “It is a difficult to grow without a 'mother', but it is easy when you have a fantastic 'father' who plays both the roles”. My father himself understands me, takes more care of me and the parents of a child always see to it whether their child is happy or not.

In case of a single parent, the mother or father plays an important role as they alone has to inculcate the morals and values in their child. They behave like their friends. They tried to give their child every happiness of the world and always support them.

Growing up with a single parent the child deals with the worst situations. They take care of their younger brothers-sisters. Being the sole bread winner, a single parent is burdened with all the duties and responsibilities. They become more mature and live their life in aim of achieving their goals. The children must know the importance of their parents and they must make sure they won't hurt them.

According to a research, the child growing up with a single working parent is more humble and realistic in nature. They know the value of each and everything they are going through. These kids are brave and manage everything well. It's not easy to live with a single parent the child requires the love of both mother and father but due to some worst condition or circumstances they face these problems. In such situation, child and the parents has to support each other.

Growing up with a single parent is not an easy task. Each and every phase of life they face hurdles and problems but still they have to continue living the life.

Animals deserve the same rights as humans

Environment is made for all living things for their survival. “It is not your world or my world it is for all”. Humans and animals are both are equal. Animals are also a Gods creation, just like humans .So why they are not treated as living beings?

Humans and animals are interdependent to each other. Animals helps the human in many activities such as agriculture , transport ,food etc .They have their own life to survive in the environment. Humans have many rights like - right to speak, right to survive ,right to work etc. But animals do not have any rights. They live their life according to their owners and care takers.

Human survival is safe and secure but animals survival isn't safe and secure .If they want to survive in this world they have to follow instruction of their owners. If a man is murdered, a case is filed and action is taken but animals like dog ,cat ,buffaloes, cows etc. die in an accident no one really cares. There is only action for wonderful creation like Tigers, Peacock, Leopard etc. are murdered by some, then government will take a strict action but it is a partiality among animals only.

We should treat all animals equally because all animals are wonderful creation of God. We should give equal rights for survival in environment to animals like humans .We should take care of creatures in the world. Government should also try to give protection to animals and should introduce natural parks, birds sanctuary which can give some rights to animals that they really deserve .”Not only government but everybody should think about the survival of animals . We should try to give some rights to animals as we give to humans .The first step should be taken for the rights of animals .Animals are those who always think for humans like cow gives milk ,hen gives eggs to human and bull are used for agriculture. So they are our best friends. So we should do something for them such as treating them with humanity.

Time

'Time' is a normal word,
Which holds the whole world.
The two sides i.e. Joy and Sorrow,
Anyone can't borrow.

Success in Time is our Vision,
Which is only achievable by Mission.
Curse by Time is too harsh to handle,
We should not lose hope, Light a candle.

If Time provides us an opportunity,
We should accept it with dignity
Every loser is given a chance to win ,
Like Abraham Lincoln the world has seen.

We have to hold the time in hand
Because it's like a slippery sand.

Spirit

In the dead of night during the full moon light,
A single wolf howls his lonely plight,
He tells the world his sorrow in his song,
Then another wolf joins in & sings along.
They are kindred spirits to each other,
As if they are a sister or brother.
Each letting the other know they are not alone,
In the dead of the night in their ancestral home.
There are many kindred spirits if you take time to see,
That give comfort to their kind & to you & me.

The Bear, the Wolf & the Eagle that soars the lonely sky ,
Watching down on the world from way up high.
The cunning of the Wolf ,the strength of the Bear,
The vision of the Eagle who is always aware,
Each & Every creature has a special gift,
That gives its own kinds spirits of gift.

Education A Nation's Weapon

To be perfect in the field of education,
You must give your total dedication.
You must work hard to overcome your disabilities,
So that you may fulfil your responsibilities.

If you want people to admire,
You must first set the stage on fire.

Don't be mean,
Be keen.

You must know your abilities,
So that you can convert it into your possibilities.
If you get marks in the shape of an egg,
Tomorrow you will certainly have to beg .

Today if you learn,
Then only you can earn.

If you are educated in the nation,
Then the nation deserves appreciation.
Listen children this is a golden opportunity,
You can make your dreams come true,
To colour them in green, red & blue.

Study Math, History & Biology,
My boy ,it is not psychology.

Education is the only way,
To make your dark night into a great day.
Great people have said,
" Have trust, education is a must".

Summer Love

I met you in the summer,
You were all scared and beauty.
I never thought that you'd be the one,
But, its true you are the one I want to be with.
You were that one who understood me,
When no one did.
And I was lost in your love deeply.
I was a fool for you
Nothing can take you away from me, but you !

There are no words to describe us
But, yet here I am writing about us .
Because ,in your smile and in your voice ,
It is all the things other things
That makes you who you are.
And your eyes are irresistible."

That will never be forgotten .

Civic Sense A Must In Indian Society

Whenever I see an over flowing bin ,
Or when I see a broken fence ,
The question that comes to my mind is
“Will every society acquire civic sense?”

Whenever I pass through the street ,
The dung of the cows always come under my feet.

Whenever I pass besides a 'No spitting' sign ,
I find people spitting over it ,
Without ever paying fine .
I pity those roads beggars
Who beg for their living
& even those who earn
by singing in trains .

The prestige of Indian Society is declining
Due to its changing trends ,
Looking at all such examples I ask,

“Will the people of Indian Society every acquire
civic sense?”

The Empty Room

An empty room and a mirror, motivate me to act
I put some scenes myself and make it a fact
The empty room shouts **"YOU CAN DO"**
Everything you desire is in front of you
I look at myself **"It's not me"**
It's a character which makes me
I cry I smile at the same time
It's an imaginary world which is mine
There is no script, no take
There's an imaginary story which I make
I open the door
Again, **"It's not me"** which I was before
It's a real world
And that was an imagination

'Things need to be unexpected'

Something's need to be unexpected,
Like those unplanned plans,
Which turns out to be the best,

The biggest grin on your face when there is a concert of your
favorite band,
That loud chanting of the favorite teams,
The happy tears when you accomplished your dream.

The 12 am surprise,
The way your smile rise,
Those movie marathons along with pizza and coke,
The cry of a newborn,
The death of a dear one make you mourn.

The feeling of an unexpected end,
The way two people blend.
Those attachments with unwanted friends,
Which ends up like a car with dents.

Something's should be unexpected,
'Cause that's the best way how your emotions are reflected.

Hope's Not Dead

Tear filled eyes, a broken dream;
A silly thought, a hopeless teen;
Given all her best, yet failing still;
All those feelings, kept within.

A girl who's gone, through way much more;
Through cuts and bruises, and wounds so sore;
No love no care, she was barely there;
Her family left her, stranded somewhere.

All hope now lost, she'd take the fall;
Jump from a cliff, forget it all;
And just before, she'd take that step;
To take the leap, and end up dead.

She brought to mind, what she had read;
"Hope's not lost, God's not dead."

There is a hand, that'll get you through;
The storms and floods, the famine too;
His love won't stop, his grace won't end;
In Christ alone, salvation stands.

छोटी सी भी भूल का एहसास हो ।।

योग्यता को जाँचकर सम्मान दें
विनम्रता से प्रेम का पकवान दें
युग भले परिवर्तनों का खेल हो
पर प्रगति होती है आदान-पदान से ।।

पथिक पथ पर निरंतर चलता चले
राह में रोडे हो, काँटे हो भले
हाथ ना माने उसी की जीत है
मन में उमंगो से भरे सपने पले ।।

कोयल की भी कीमत आँकता है
दुनिया की आँखों पर पर्दा हो भले
कोयले को हीरे में वह ढालता है ।।

बाल मजदुरी

लिए दर्द आँखों में पूछा उसने मुझसे यूँ
क्यों होता है हमेशा हमारे साथ ही यूँ?
क्यों नसीब हमसे ही रूठा रहता है?
सच ही तो कहता है बापू यह अमीरों के घर में रहता है

क्या हुआ बाल मजदूर हूँ मैं?
मन तो मेरा भी खेलने पढ़ने को करे
जी बदनसीबी से लड़ने को करे
मिले सब तो पुछूँ उससे
ऐसी क्या भूल हुई मुझसे?
ऐसा क्या किया मैंने कसूर?
हैं जो हमउम्र मेरे, उनकी सेवा करने की क्यों मैं
मजबूर?
वे उठे सुबह स्कूल जाने के लिए
मैं उठूँ उनका खाना बनाने के लिए
मैं क्या बदतर हूँ जानवर से भी?
जलता रहूँ पेट की आग बुझाने के लिए
मेरी पहचान, मेरे वजूद की कीमत कुछ भी नहीं?
लिया जन्म बस मालिक के नाज उठाने के लिए
मिलती है पगार महीना खपने पर जो
छीन ले जाए वह भी बापू
कभी मँखाने के लिए, कभी लॉटरी पाने के लिए
करते हैं शोषण हमारा तो समाज सुधारक भी
उपदेश तो होते हैं बस जमाने के लिए

एहसास

अपने होने का एहसास करा देता हूँ,
आदमी आम होकर खास बना रहता हूँ।।
तिकड़में राजनीति, चाल बाजियों है बहुत,
अपने ही काम में मशगूल रहा करता हूँ।।
छोटी मोटी बातों की चिंताएं सताती तो है,
बलाओं को भी हंसकर के उड़ा देता हूँ।।
किसी माहौल में जीना मोहाल हो जाए,
ऐसे हालात में मैं खुलकर जीया करता हूँ,
शिकन माथे पर, बोझ दिल में लेकर क्या जीना,
बहरे को कान, गुंगे को भी जुबां देता हूँ।।
गुरु में कोई जीता है, उसे जीने दो
मैं उसे अपना भी अंदाज बता देता हूँ।।
शर्म आती है उन्हें जिसने ऐसा काम किया,
सख्त बेशर्मा होकर बात किया करता हूँ।।

मुस्कराकर हारी बाजी जीत जाना
यू तो कठिन है रोते-रोते गीत गाना
गिरते-गिरते संभल जाते हैं अक्सर
हौसले का जिसके भीतर हो खजाना ।।
गर्दियों में रहकर भी जीना पड़ेगा
मुफलिसी में जहर पीना पड़ेगा
लड़खड़ाते हों कदम, चलता-चला-चल
तेरे पीछे आएगा सारा जमाना ।
मुस्कराकर हारी बाजी जीत जाना
बदहवासी इस तरह छाई रहे
रूह प्यासी, जवाँ अँगड़ाई रहे
जब निशाने पर तेरी मंजिल रहेगी
तब ना आएगा तुझे कोई बहाना
मुस्कराकर हारी बाजी जीत जाना
दुश्मनों की साजिशों से बचकर रहना
कहने वाले कहें, अपने दिल की करना
देखकर तेरी तरक्की जलेंगे वे
पर संभलकर जलनेवालों को जलाना
मुस्कराकर हारी बाजी जीत जाना
शोहरतों के नशे में ना डूब जाना
और अपनी से नहीं आँखें चुराना
याद रखना अपने बीते दिनों को तू

तू चल क्योंकि तू अपने साथ है,
जो मुश्किल है, तेरे साथ वो भी आसान है।
तेरे चलने पर तुझको नाज है,
तेरे रुकने पर तुझे एतराज है।
तेरी जिंदगी में तुझे अपनी तलाश है,
तू चल क्योंकि तू अपने साथ है,
जो मुश्किल है, तेरे साथ वो भी आसान है।

तू गाता चला जा वो संगीत,
जिसमें तेरी आवाज है।
तू करता चला जा वो काम,
जिसमें तेरा विश्वास है।
तू लड़ता चला जा, क्योंकि तू अपने साथ है,
जो मुश्किल है, तेरे साथ वो भी आसान है।

जो जज्बा है सीने में तेरे,
उसकी तू पहचान कर।
जो रूढ़िवादी है मुदती में तेरी,
उसे तू धाम कर आगे चला चल।
तू चल क्योंकि तू अपने साथ है,
जो मुश्किल है तेरे साथ वो भी आसान है।

कुछ गैरों के लिए, कुछ अपनों के लिए,
कुछ रिश्तों के लिए, तू लड़ता चला जा।
तू लड़ता चला क्योंकि तू अपने साथ है।

समुद्री घटना

चित्र के अनुसार, एक पिता जिसका नाम “रामलाल” है
और वह अपने दो पुत्रों को एक जहाज की तरफ इशारा
करते हुए उन्हें बता रहा है कि, वह जहाज किसी और का
नहीं है, बल्कि उनके राजा “हशिजशाह” का है।
रामलाल के पुत्रों का नाम “भोला” और “मोनू” है।

रामलाल और उसके दोनों पुत्र समुद्री यात्रा पर आए हुए थे,
उसी वक्त उनका नाव समुद्र में डूब गया और वह वहाँ से
बच निकले। अभी रामलाल को बहुत दुःख हो रहा था, कि
उसकी एकमात्र नाव जो कि डूब गई है।

कुछ क्षण के पश्चात उन्हें समुद्र की ओर से एक बड़ी नाव
आते देखा। पिता रामलाल ने नाव की तरफ इशारा करते
हुए कहा, “बच्चों ये नाव तो राजा हशिजशाह की है।”
लेकिन बच्चे उदास थे क्योंकि बहुत रात हो चुकी थी और
उन्हे भूख भी लग रही थी।

भोला, मोनू और पिता रामलाल, तीनों ने जोर-जोर से
चिल्लाना शुरू किया। रात का समय था, लेकिन राजा
नजर नहीं आ रहा था, लेकिन राजा हशिजशाह को उनके
चिल्लाने की आवाज सुनाई दी।

राजा हशिजशाह ने अपने सैनिकों से कहा “ये आवाज
किसकी है, जिस किसी की भी हो, हमें उसकी सहायता
करनी होगी।” राजा का आदेश मिलते ही सैनिकों ने
जाँच शुरू करके भोला, मोनू और उनके पिता रामलाल
को वहाँ से सुरक्षित निकाल दिया।

रामलाल सुरक्षित घर पर पहुँच गया और वहाँ पर सभी को
घटना की जानकारी दी।

जिस शरीर को चौबीस घंटे
सालो साल करते इस्तमाल
रोज तुम व्यायाम करके

कृपया उसका खरवी ख्याल

मम्मी, पापा, अंकल आंटी
सबको तुम ये बतलाओ

भगतसिंह के विचार

महान क्रांतिकारी शहीद भगत सिंह, राजगुरू और सुखदेव इन तीनों वीरों ने हंसते-हंसते देश के लिए देश के लोगों को जगाने के लिए अपने आप को बलिदान के दिया। ब्रिटिश हुकूमत के अत्याचारों से राष्ट्र की मुक्ति के लिए अपना आत्मोत्सर्ग करने वाले इन रणबाँकरों ने हिंसा का रास्ता जरूर चुना, पर वह हिंसा आज के हैवानों की तरह निरीह-निर्दोष आपाम को हलाकान करने के लिए नहीं थी। सिर्फ गुंगी-बहरी बन चुकी अत्याचारी ब्रिटिश हुकूमत की आंखें खोलने के लिए थी। उनके हर क्रिया-कलाप के पीछे एक सोची-समझी रणनीति थी। वे भारत में सिर्फ सत्ता परिवर्तन के हिमायती नहीं थे, उनका मानना था कि अंग्रेज बॉक्स से भारतीय बॉक्स में ही परिवर्तन पर्याप्त नहीं हैं, बल्कि परिवर्तन ऊपर से नीचे तक हो, हर तरह की कुप्रथाएँ, जाति और धर्म का भी इस्तेमाल बंद हो और हर भारतवासी की सत्ता में भागीदारी हो। किसी भी तरह का भेदभाव, जाति-धर्म के आधार पर न हो। यह दुख की बात है, उनके विचारों को जो उन्होंने बहुत ही अल्पकाल के अपने जीवन में कठिन संघर्ष का सामना करते हुए व्यक्त किए व्यापक प्रचार-प्रसार नहीं मिला। इतिहास के पन्नों में भी उनका जिक्र कोरम पूर्ति करता ही नजर आता है। उनके जन्मदिनांक और पुण्यतिथि पर उन्हें याद करने की रश्मि अदायगी ही पर्याप्त नहीं है। आवश्यक है उनके विचारों को जन-जन तक पहुँचाने की। भगतसिंह और उन जैसे तमाम क्रांतिकारियों का जतिन, उनका बलिदान और उनके विचार की गाथा हमारी भावी पीढ़ी का मार्गदर्शन करने के साथ-साथ उनमें एकता, देश प्रेम और देश के प्रति समर्पण की भावना मजबूत करेगी। उनका पथ प्रदर्शन करेगी। आवश्यकता है कि उनके शाश्वत और प्रेरणादाई विचारों का गाथाओ का व्यापक प्रचार प्रसार हो।

धुलता जहर

यह राहत की बात है कि केंद्र सरकार कीटनाशकों के दुष्प्रभावों पर गंभीरता से विचार करते हुए कीटनाशक प्रबंधन विधेयक को संसद से पारित कराने की दिशा में विचार करने को तैयार हैं। इस विधेयक को संसद से स्वीकृति मिलना इसलिए भी जरूरी है कि देश के विभिन्न हिस्सों से आए दिन कीटनाशकों के खतरनाक इस्तेमाल से किसानों की मौत के मामले सामने आ रहे हैं। गौर करें, तो पिछले कुछ महीनों में ही कीटनाशकों के इस्तेमाल से तकरीबन ६३ किसानों की मौत हो चुकी है। पिछले साल महाराष्ट्र के यवतमाल जिले में जहरीले कीटनाशकों से इक्कीस किसान मौत के मुँह में चले गए थे। गौर करें तो आए दिन इस तरह की हृदयविदारक घटनाएँ विचलित करती रहती हैं। दरअसल, किसान अपनी फसलों को कीड़ों से बचाने के लिए कीटनाशकों का इस्तेमाल करते हैं और वह जहर उनकी साँस के साथ शरीर में चला जाता है, जिससे उनकी मौत हो जाती है। कृषि एवं किसान कल्याण मंत्रालय के आंकड़ों पर गौर करें, तो देश में ऐसे छियासठ कीटनाशकों का इस्तेमाल हो रहा है, जो बेहद जानलेवा हैं! हालांकि कई देशों में इस तरह के जानलेवा कीटनाशकों को प्रतिबंधित कर दिया गया है। लेकिन दुर्भाग्यपूर्ण तथ्य यह है कि भारत में ये कीटनाशक अभी भी पंजीकृत किए जा रहे हैं। अच्छी बात यह है कि गया है और इसमें खराब गुणवत्ता, मिलावटी या हानिकारक कीटनाशकों के नियमन एवं अन्य मानदंड निर्धारित किए जाने का उल्लेख है। यह जानना आवश्यक है कि कीटनाशक उन रासायनिक या जैविक पदार्थों का मिश्रण होता है, जिनका उपयोग कीड़े-मकोड़ों से होने वाले दुष्प्रभावों को कम करने, उन्हें मारने या उनसे बचने के लिए किया जाता है। चूंकि-कीड़े-मकोड़ों फसलों को बर्बाद कर देते हैं और किसानों काफ़ी नुकसान उठाना पड़ता है, इस लिहाज से कीटनाशकों का इस्तेमाल आवश्यक है। लेकिन यहाँ ध्यान देना होगा कि कई कीटनाशक ऐसे भी हैं, जिनके इस्तेमाल से मानव शरीर और प्रकृति पर खतरनाक प्रभाव पड़ता है। इसलिए इन्हें प्रतिबंधित किया जाना बेहद आवश्यक है।

सेल्फी आवड की मारक ?

चार दिवसांपूर्वीच व्हॉट्सअपवर मिळालेली बातमी. सेल्फीच्या नादात तरुणीने गमावला जीव. खरंच हे आभासी जग आपल्याल्या इतकं प्रिय झालय का ? चालत्या बोलत्या माणसांशी बोलण्यापेक्षा आभासी व खोट्या माणसांशी बोलणे इतकं गरजेच आहे का ? हा विचार करण्यासारखा प्रश्न आहे. ह्यावरून एक प्रश्न निर्माण होतो की सेल्फी आवड की मारक ?

या जीवघेण्या सेल्फीचा जन्म जवळपास ३ ते ४ वर्षांपूर्वीच झाला. खरंच, अहो एक फोटो काढता का ? असे अनोळखी माणसांच्या बोलण्याच्या हास्याला हास्य देणे ही एक सर्वसाधारण बाब होती. सगळ्यामध्ये आपलेपणा होता कोणीही एककेंद्री नव्हते. परंतु आताच्या पिढीमध्ये “दुखावा” हा नवीन प्रकार उदयास आला. ज्यांना हा प्रकार आवडला त्यांनी अंगिकारला आणि सुरुवात झाली नव्या पर्वाची.... सेल्फी पर्व.

स्वतः स्वतःचा फोटो काढणे म्हणजे सेल्फी ही सेल्फीची सरळ व्याख्या परंतु मित्रमैत्रीणींचा समूह असताना फोटो काढण्यासाठी तंत्रज्ञानाच्या माध्यमाने एक शस्त्र निर्माण केले ते म्हणजे “स्वयंप्रतिमेची काठी” धाबूरू नका.. ही आपली सेल्फी स्टीक हो. डोंगरांवर, दऱ्याखोऱ्यांत जीवघेण्या ठिकाणी वेगळे चेहरे करून फोटो काढण्यात येवू लागले. हीच ती प्रगती. तंत्रज्ञानाच्याद्वारे स्वतःचे मूळ रूप बदलून आकर्षक व सुंदर बनण्यासाठी अनेक सौंदर्य ऑप्स चा वापर करण्यात येऊ लागला. गुप्ततेविना पूर्णित करण्यात येणारे फोटो डाऊनलोड करून त्याचा वापर अश्लील चित्रे बनवण्यात येऊ लागला. काही मुली मुलांच्या धमक्यांवाली त्रासल्या जाऊ लागल्या, तसेच काही गोष्टी सेल्फीमुळे संपुष्टात जाऊ लागल्या. काहींवर मानसिक त्रास होऊ लागले.

ह्या सामाजिक माध्यमाच्या मायाजालात अनेक प्रभाविरित्या लोकांना बांधून ठेवू शकतो. काही लोकांच्या मागण्यांमुळे स्वतःचे काही फोटो सामाजिक माध्यमावर पूर्णित करणे. ह्यावर लोकांचे दोनच उत्तरे येऊ शकतात, ते म्हणजे काही लोक सामाजिक माध्यमावर पूर्णित केलेल्या फोटोला प्रोत्साहन देवू शकतात नाहीतच निंदा प्रशस्ती करू शकतात. सामाजिक माध्यमावर फोटो पूर्णित करणाऱ्याच्या जीवाला धोका जास्त असू शकतो. सामाजिक माध्यमांवर फोटो पूर्णित करण्याला काहींनी “मानसशास्त्रीय आजार” असे देखील म्हटले आहे.

माणसांनी सेल्फीकडे लक्ष देण्यापेक्षा स्वतः कडे लक्ष दिले पाहिजे. कारण या सेल्फीस्तान जगात सगळ्यांनीच मुखवटे घातले आहेत, त्यामुळे सेल्फी कडे दुर्लक्ष करून स्वतः कडे थोडा वेळ दिला पाहिजे.

सेल्फीचा जास्त उपयोग म्हणाल तर, फक्त आठवणी..... तसेच म्हटले ते सेल्फी ही जीवघेणी आहे, म्हणून सेल्फीचा उपयोग हा चांगल्या संग्रहासाठी करा. काय कराल ना, सेल्फीचा उपयोग चांगल्या कामांसाठी ?

“घेऊ नका स्वतः ची जबाबदारी । नका करू स्वतः च्या जीवाची हानी”

मन

मन म्हणजे आपल्या विचारांचे प्रतिबिंब
जसे की श्रावणातल्या पहिल्या पावसातील भिजणं ओलचिंब

मन म्हणजे वळणावळणाचा निसरडा रस्ता
त्यातून चालत असताना रवाव्या लागतात मोठ्या रवस्ता

मन म्हणजे गार वाऱ्यात झुलणारे उंच झोके
त्यावर जडलेले असतात आपले हृदयाचे ठोके

मन म्हणजे बेधुंद लाटांची लहर
त्याला असते नक्षीदार शंख-शिपल्यांची झालर

मन म्हणजे असतो आठवणींचा चुडा
जसा की सुगंधी, मंत्रमुग्ध करणारा फुलांचा सडा

मन म्हणजे भिंतीतील नाजूक शिल्पकाम
त्याप्रमाणे आपण मनाशी केलेले असतात निश्चय नम

मन म्हणजे सुरव-दुःखाचे तरंग अपार
त्याच परीक्षा पार करत जायचे असते समुद्रापार

मन म्हणजे अमर्याद आशा- आकाशांचा सागर
जसे की तिन्ही ऋतूंत फुलणारी पांढरीशुभ्र तगर

मन म्हणजे निर्जल खळखळते पाटाचे पाणी
त्याच ठिकाणी म्हटली जातात आयुष्याची गोड गाणी

उंच उंच उडे आभाळी
जणू ढगांची करे सवारी

मन माझे पारवर होऊनी
पारवरांसह गाणे गाई
पारवराचा सोबती होऊनी
उंच उंच उडून जाई

मनाची ही कल्पनाच न्याची

वाट

तू ज्या वाटेने जातोस मला पण त्याच वाटेने जायच आहे....
तू कुठेही जा चालेले पण मला फक्त तूझ्यातच राहायचे
आहे....
तुझी वाट पाहता पाहता रूप काही गमावले आहे मी...
पण तू समोर आलास तर साऱे काही जिंकले मी....

तुझ्या पावलांवर मला पाऊल ठेवायचे आहे..
तुझ्याच सोबतच मला चालायच आहे....
कधी मी धडपडली तर तूच मला सांभाळायचं आहे
कारण तू ज्या वाटेने जातोस मला पण त्याच वाटेने जायच
आहे..

भांडता भांडता कळलेच नाही कधी तुझ्या प्रेमात पडले..
तुझ्या त्या भांडणाचे शब्द मी आज पण माझ्या मनात
जपले....
आवाज तुझ्या कसा ही असो तुझे बोल मला आवडतात..
तुझ्याशी बोलताना मला साऱे काही विसरवतात...

इच्छा माझी एकच आहे की तू पण कधी तरी माझी वाट
पाहावीस..
माझी इच्छा मनी ठेवूनी
माझी इच्छा पूर्ण करावीस!

तरुणांचे कुटुंबाशी नातेसंबंध

काळ बदलला आहे, असे आपण म्हणतो. पण काळानुसार मने बदलेली आहेत का? असा प्रश्न पडतो हो. हे खरे आहे, काळानुसार तरुणांची मने बदलेली आहेत. भारतात कुटुंब एकत्र असतात मिळून मिळवून एकत्र राहतात. परंतु पूर्वीप्रमाणे घरातले तरुण आपल्या आजी-आजोबा, काका-काकी, आई-बाबा यांसोबत काही वेळ घालवतात का? नाही, या प्रश्नांच उत्तर स्पष्ट आहे. आत्ताच्या मुलामुलींना आपल्या कुटुंबासाठी वेळच असलेला नाही.

म्हणतात रामयुग गेलं आणि कलियुग आलं, या कलियुगात आत्ताची पिढी कोण आहे? म्हणजेच “राम आहे की रावण”. आत्ता काय म्हणावं त्याचा आपण विचार केला पाहिजे. या कलियुगात नवीन-नवीन तंत्रज्ञान आले. “मोबाईल, संगणक, लॅपटॉप” यांचे वेड आजच्या तरुण पिढीला लागले. आता याला वेड म्हणावं की व्यसन हे काही कळत नाही ज्या आईने आपल्याला जन्म दिला ज्या बाबांनी आपल्या कष्ट करून मोठ केला, त्यांच्यासाठी आपल्याकडे वेळ नाही. असं का झालं म्हणजे गरज पडली की आपल्याला आई-बाबांची आठवण येते. गरज म्हणजेच नवीन कपडे घ्यायचे आहेत, बाबा पैसे द्या किंवा माझी पॉकेटमनी संपली आहे अजून थोडे पैसे द्याल का? पण जर त्यांनी उलट विचारलं, “अरे पण तू कुशासाठी इतके पैसे खर्च केलेस” तेव्हा तर रागात “जेवायच नाही मला” असे म्हणून रागावून बसतात.

अरे, पण जेवढे पैसे तुम्ही खर्च केले, त्यामागे आपल्या बांबाची किती मेहनत असेल, याचा कधी विचार केला आहे का? आपली आई दिवसभर मेहनत करते. आपल्याला वेळेवर जेवायला मिळावं म्हणून सकाळी लवकर उठून सगळी कामे आटोपून आपल्याला जेवायला देते. तेही “गरम-गरम”, त्याच वेळी जर कधी जेवणात मीठ-मसाला कमी पडला तर आपण तिला किती बोलते, तेही तिला लागेल, वाईट वाटेल असं. पण कधी “तू” आहेस म्हणून मला, वेळेवर जेवण मिळालं, आई आज जेवण छान झाल आहे. असे कौतुकाचे दोन शब्द व्यक्त केले आहेत का? करून बघा खूप आनंद होईल तुम्हालाही आणि तिलाही.

आता आले आजी-आजोबा जगात एवादा नशीबवानच असेल की त्याला आजी-आजोबा दोघ ही अस्तील कारण आजी ही करुणेची, संस्काराची माऊली असते. आणि आजोबा हे आपले पहिले मित्र असतात. आजी- आजोबा जुन्याविचारांचे असतात. त्यामुळे जर कधी तुमच्या कपड्या वरून. मेकअप वरून काही बोलले, तरी त्यांचा राग करून नका त्यांचा नेहमीच आदर करा.

मी मगाशी म्हटलं, मोबाईल, संगणक हे एक व्यसन तरुण पिढीला लागलं आहे. त्यामुळे काय झाल आहे, की आजचे तरुण सारखे सोशल नेटवर्किंग वर व्यस्त असतो. घरात काय चालू आहे? याबद्दल त्यांना काहीच माहीत नसतं यात चूक कोणाची? आई-वडिलांची, मोबाईलची की मुलामुलींची? कधी असा प्रश्न नाही पडला का?

मला तर वाटतं ना यात दोघांची चूक, एक म्हणजे हट्ट करण्याच्या तरुणांची आणि दुसरे म्हणजे त्यांचे सगळे हट्ट पुरवणाऱ्या त्यांच्या आई वडिलांची हे झालं माझं मत.

पण, आता असं झालं आहे ना, आई-बाबा दोघेही नोकरी करतात, म्हणून आता त्यांना सुद्धा आपल्या मुलांसाठी वेळ मिळत नाही. मुंबई सारख्या शहरात तर लहान घर असल्यामुळे एकत्र कुटुंब पद्धती विखुरल्या आहेत. आता कुटुंब एकत्र येत ते फक्त सणवारालाच नाहीतर बाकी कुटुंब मुंबईत.

मुलांना फक्त टिक्की, मोबाईल आणि संगणक याची सवय झाली आहे. त्यांना एकत्र कुटुंब म्हणजे काय हे माहितच नाही. आत्ताची तरुण पिढी खूप उद्धट झाली आहे याला जबाबदार कोण? तंत्रज्ञान की आई-वडील हा मोठा प्रश्न आहे.

याचा विचार करायला हवा, नाहीतर तरुण पिढीला कुटुंब म्हणजे काय हेच माहीत नसेल आणि हेच समाजासमोर मोठा प्रश्न असेल.

युवकांचे कुटुंबाशी असलेले नातेसंबंध

आपला जन्म ज्या कुटुंबामध्ये होते. आपले नाते त्या कुटुंबाशी कायम स्वरूपी जोडले जाते. आपण त्याच कुटुंबामध्ये मोठे होतो. आपले बालपण तिथेच होते. आपले आई-वडील आपल्या पालन पोषणासाठी दिवस रात्र झटत असतात. आपल्याला चांगल्या दर्जाचे शिक्षण मिळावे, आपण एक चांगले नागरिक बनावे यासाठी ते आपल्याला मार्गदर्शक करतात. आपण मोठे होऊन, चांगले शिक्षण घेऊन आयुष्यात काही तरी बनून त्यांचे नाव मोठे करणार अशी त्यांची आशा, अपेक्षा असते. आपण त्यांच्या कष्टाचे चीज करणार असे त्यांना वाटते. पण प्रत्येक मूल असेच वागत नाही. प्रत्येकाची विचार करण्याची क्षमता, आवड, निवड वेगळी असते.

आपण लहान असताना त्यांच्या प्रत्येक गोष्टी ऐकतो. तेजे म्हणतात ते सर्व करतो. परंतु ज्यावेळी आपण कुमार वयात येतो म्हणजे ज्यावेळी आपल्याला थोडेफार समजायला लागते. आपण स्वतःला बदलत जातो. आपले वागणे, बोलणे यात हळूहळू फरक पडायला लागते. आपण शाळेत असताना शाळेचे सर्व नियम पाळतो. पण आपण कॉलेजमध्ये ज्यावेळी जातो. त्यावेळी आपल्याला नियम पाळायला आवडत नाहीत. आपण ज्यावेळी बाहेरच्या जगात वावरतो, त्यावेळी आपण स्वरूप काही शिकत असतो. आपण फोनसाठी आई वडिलांकडे हट्ट करतो. कारण आपल्या मैत्रिणींकडे फोन असतो. हातात फोन आला की आपण घरात सुद्धासारखे फोनवरच असतो. फोनवरच असतो. फोनमध्ये गेम खेळणे, मित्रांशी बोलणे यात आपण आपल्या घरातल्यांकडे दुर्लक्ष करतो. फोनशिवाय आपल्याला काहीही दिसत नाही. आपण पहिले आपल्या आईवडिलांसोबत खेळायचो. दादा-ताई यांच्यासोबत मस्ती करायचो. ज्यावेळी सर्वजण एकत्र टिक्की बघायचे त्यावेळी घर स्वरूप हसत खेळत वाटायचं. कारण कुटुंबासोबत राहण्याची मजा काही वेगळीच असते. पण आताच्या जगात मुले किंवा युवक म्हणजेच आपण आपल्या कुटुंबाला वेळ देत नाही. फिरायला जायचं म्हटलं की आपण आपल्या मित्रमैत्रिणींसोबत जातो. खेळ खेळायचं म्हटलं की फोन आहेच ना. त्यामध्ये गेम घ्यायचे आणि खेळत बसायचं. पण कधी जर आपले आईवडील

आपल्याला काही बोलले की तू सारखी फोन मध्येच असतेच, काय आहे एवढं तुझ फोनमध्ये? तेव्हा आपल्याला स्वरूप राग येतो. ते असे आहे, त्यांना काय समजतयं असो आपण विचार करतो. त्यांच्या बदल आपले विचार काहीवेळा नकारार्थी बनतात. त्यांनी काहीही बोलले की आपल्याला रागच येतो.

आपल्याला त्यावेळी आपली चूक समजत नाही. त्याचीच चूक आहे असे आपल्याला वाटते. आपले कुटुंब हे आपल्यासाठी स्वरूप महत्त्वाचे आहे, हे आपण विस्मरणच जातो. त्यावेळी आपण असे वागतो, त्यावेळी त्या आईवडिलांच्या भावना स्वरूप दुखावल्या जातात. त्यांनी ज्या प्रेमाने, कष्टाने आपल्याला लहानाचे मोठे केलेले असते, त्याचे त्यांना दुःख वाटते. ते आपला वाईट विचार करणार नाहीत, जे आपल्यासाठी चांगले आहे तेच आपल्याला सांगणार हे आपल्याला समजत नाही. आपण प्रत्येकवेळी त्यांचा अपेक्षाभंग करतो. पण जोपर्यंत आपण पडत नाही, तोपर्यंत आपल्याला आपली चूक समजत नाही. त्यांचे आपले आयुष्य घडवण्यात स्वरूप मोठे योगदान असते. आपण त्यांच्या कष्टाचे फळ त्यांना दिले पाहिजे, असा ज्यावेळी आपण आयुष्यात काहीतरी बनू शकतो. सध्या आपल्याला त्यांना वेळ देणे, त्यांना वेळ देणे, त्यांचे विचार जाणणे हे स्वरूप गरजेचे आहे.

पालकांनी सुद्धा आपल्या मुलांचे विचार जाणून होण्याचे प्रयत्न केले पाहिजे. कोणतेही नाते टिकवण्यासाठी त्या नात्याला समजून घेणे व ते सदैव जपण्यासाठी सर्व व्यक्तींनी प्रयत्न करायला हवे. खासकरून मुलांचे व आई-वडिलांचे नाते हे स्वरूप अनमोल असते व ते जपणे फार गरजेचे असते. आपण जगात वावरताना अनेक नाती जोडतो. पण आपल्या कुटुंबाशी असलेले आपले नाते हे जन्मापासूनच असते. ते आपण जन्मल्यापासून ते मरेपर्यंत आपल्या सोबत असते. म्हणून प्रत्येक युवकाने आपल्या कुटुंबाला नेहमी जोडून ठेवले पाहिजे. त्यांना वेळ द्यायला हवा. त्यांच्यासोबत आपल्या प्रत्येक अडचणीबाबत बोलायला हवे. त्यांचे मार्गदर्शन घ्यायला हवे. कारण आपण आपल्या कुटुंबात प्रत्येक नात जगू शकतो पण प्रत्येक नात्यात आपण कुटुंबासारखे जगू शकत नाही.

एकटया पालकाने मुलाचे केलेले पालन पोषण

पालकत्व ही देवाने दिलेली देणगी आहे. तर मुले ही देवाचे वरदान आहे. पालकत्व ही प्रथा नाही तर; तो एक दैनिक शिकण्याचा अनुभव आहे. एकटया पालकाने मुलाला वाढवणे ही तणावग्रस्त बाब आहे. एकटे असल्यामुळे सगळ्या जाबाबदाऱ्या आव्हानात्मक असतात. मुलाला लहानपासून मोठे करणे, आई-वडील दोघांना प्रेम देणे अशा वेळी तारेवरची कसरत असते.

समाज काय म्हणेल या गोष्टीचा त्रास व्हायला लागतो. जर पुरुष मुलाला सांभाळत असेल तर समाजाला कौतुकास्पद वाटते आणि स्त्री सांभाळत असेल तर ती निंदास्पद गोष्ट वाटते.

मुलाला एकटे सांभाळणे असेल तर त्याच्या प्रत्येक गोष्टीबाबत सर्तक राहणे आवश्यक आहे. मुलाचे मित्र-मैत्रिणी, त्याच्या भोवतीचे वातावरण गोष्टी त्याच्या विचारात व स्वभावात बदल तर घडवून आणत नाहीत ना या गोष्टीची स्वबरेदारी घेतली पाहिजे. मुलाच्या आवडीनिवडी त्याचे छंद जपले पाहिजे. पण स्वतःच्या प्रकृतीची हेळसांड न करता. मुलाला बंधनात जरवडून न ठेवता मर्यादित स्वातंत्र्य देणे जरूरीचे आहे.

जेव्हा आपण ५०० वर्षे मागे जातो त्यावेळी आपल्या निदर्शनास असे आढळून येते की ज्या मुलाचे आई-वडील नसतात त्यांचा सांभाळ गाव करतो हे अचूक आहे. पण बदलत जाणाऱ्या काळाप्रमाणे काही गोष्टी बदलाव्या लागतात.

भारतीय समाजात एकटे पालक असताना त्यांनी डेटिंग करणे किंवा दुसरे लग्न करणे मुलांना पटत नाही. जास्त वेळ घराबाहेर कामाशिवाय राहणे यामुळे मुलांना स्वरूप एकटे असल्यासारखे वाटते. पालकांनी काही गोष्टी मुलांच्या कलेने घेणे आवश्यक आहे. जर पालक व मूल या दोघांमध्ये प्रेमाचे व समजूतीचे नाते असेल तर तणाव व गैरसमज होणारच नाहीत.

एकटे पालक असल्यामुळे वित्तीय व्यवस्थापन करणे गरजेचे आहे. कधी कधी मुलांना असे वाटणे स्वभाविक आहे की आपण एकटे असल्यामुळे आपल्या सगळ्या गरजा व आपल्यावर हवा तेवढा स्वर्च आपले पालक करतील. पण पालकांनी मुलांना वित्तीय व्यवस्थापन शिकवणे गरजेचे आहे.

एकटयावर सगळी जाबाबदारी असल्यामुळे कधीतरी चिडचिड होते पण आपल्या मनावर ताबा ठेवता आला पाहिजे जेणेकरून आपल्याला त्रास होणार नाही. पालकांनी मुलांना लहानपणा पासून योग्य वळण लावले पाहिजे. जेणेकरून मुले मोठी झाल्यवर त्यांच्या कष्टाची किंमत ठेवतील. मुलांनीही पालकांना समजून घेऊन कधीतरी त्यांच्या मनाप्रमाणे वागले पाहिजे. आपली संगत पारखून करावी. (मित्र-मैत्रिणींची संगत) जसे काळाप्रमाणे मुले बदलतात तसे पालकांनी थोडे थोडे बदलायला हवे.

नवीन पिढीने जसे नवीन तंत्रज्ञान आत्मसात केले. त्याप्रमाणे काही जुन्या पण चांगला गोष्टी अवगत करून घेणे काळाची गरज आहे. एकटया पालकाना मुलाला सांभाळताना ऑल राउंडर बनावे लागते.

एकटया पालकाने समाजाकडे किंवा नो इतर विरोधक गोष्टींकडे लक्ष न देता आपले -ध्येय साध्य करण्यात लक्ष देणे गरजेचे आहे. एकटयाने सांभाळणे हे स्वरूप कठिण नसले तर सोपे पण नाही. पण प्रयत्नाने सगळ्या गोष्टी सोप्या व सफल होतात.

एकटा पालक स्वंबीर राहून स्वतःच्या मुलाला स्वंबीर व परावलंबी बनवतो. मुलाला तो एकटा नाही ही भावना जाणवून द्यावी लागते. कारण आई-वडीलांसाठी मूल कितीही मोठे झालं तरी ते लहानच राहते.

धाडसाचे फळ

सुंदर व अर्थांग समुद्रकिनाऱ्या लाभलेले एक सुंदर शहर असे. त्या शहरात समुद्रकिनाऱ्या असल्यामुळे तेथील प्रत्येक मुलाला अतिशय सहजतेने पोहता येत असे. त्याच शहरात समुद्रकिनाऱ्या लगत एक घर असे. त्या घरात एक व्यक्ती व्यक्ती आपल्या मुलीसोबत राहत असतो. ती व्यक्ती एक मच्छीमार असतो. असाच तो एकदा समुद्रात मच्छी पकडण्यासाठी जातो. त्यावेळी त्याला एक फळी पाण्यात तरंगताना दिसते त्या फळीवर दोन मुले बेशुद्ध अवस्थेत असतात. ती त्यांना घरी घेऊन जातात. जेव्हा ते शुद्धीवर येतात. त्यावेळी ती त्यांना त्यांचे नाव, पत्ता अस सर्व काही विचारतो. पण ते दोघे स्वरूप घाबरलेले असतात. त्यामुळे ते काहीही बोलत नाहीत. तो पूर्ण दिवस ते काहीच बोलत नाहीत

दुसऱ्या दिवशी, मच्छीमार पुन्हा त्यांना विचारतो. त्यावेळी त्यातील जो मोठा मुलगा असतो. तो त्याला सांगतो की आम्ही आमच्या कुटुंबासोबत एका बेटावर फिरायला आलो होतो. अचानक तिथे जोरात पाऊस झुळझुळाला, मोठे वादळ आले. मोठमोठ्या लाटा येत होत्या. अशीच एक मोठी लाट आली व ती आम्हा दोघांना तिच्या सोबत वाहून घेऊन गेली. आम्ही आमच्या कुटुंबा पासून वेगळे झालो. पाण्यात बुडत असताना मला एक फळी दिसली मी पटकन ती फळी पकडली आणि तिच्यावर चढलो व माझ्या भावालाही घेतले. तसेच तरंगत, लाटांशी आदळत आपटत आम्ही रात्रभर समुद्रात भटकत होतो. आम्हाला माहीतच नाही पडले की कधी आम्ही बेशुद्ध झालो ब कधी वादळ थांबले आणि जेव्हा शांत आली तेव्हा आम्ही तुमच्या घरी होतो.

त्याचवेळी तो लहान मुलगा म्हणाला की मी आता पुन्हा कधीही समुद्रात जाणार नाही. मोठा मुलगाही तसेच म्हणाला हे त्यांचे बोलणे त्या मच्छीमाराला आवडले नाही, कारण त्यांचे पूर्ण जीवन त्या समुद्रामुळेच पुढे आले. त्याच्या जीवनातील समुद्र हा एक भाग आहे. म्हणून तो त्या मुलांना समजवण्याचा प्रयत्न करतो. तो त्यांना म्हणतो की, मी तुम्हाला पोहायला शिकवतो. मग तुम्ही कधीही समुद्राला धाबरणार नाही. पण ते दोघे समुद्रात जाण्यासाठी तयारच नसतात. त्यावेळी त्याची मुलगी शाळेतून घरी येते. त्या दोघांना पोहण्यात रस नसतो. पण ते तिला पोहताना बघतात. ती किती मजेत पोहतेय. पाण्यात पोहताना तिला किती आनंद होतोय. तरीही ते पोहण्याचा विचारच करत नाहीत. असेच दिवस जातात ती मुले दररोज समुद्राकडे बघतात व कोणीतरी त्यांना घेण्यासाठी येईल यांची वाट बघतात.

एकदा तो मच्छीमार त्यांना जबरदस्तीने त्याच्या सोबत समुद्रात घेऊन जातो. ते स्वरूप घाबरत असतात. तो थोड्या अंतरावर जाऊन जाळे टाकतो. ते त्यांच्याकडे बघत बसतात. तो नंतर पाण्यात उडी मारतो मोठी लाट येते तरीही तो मच्छीमार घाबरत नाही. त्याला बघून या दोघांच्याही मनात विचार येतो तरीही तो मच्छीमार घाबरत नाही. त्याला बघून या दोघांच्याही मनात विचार येतो की अपण स्वतःच आपल्या कुटुंबाकडे बोटीतून जाऊया. पण जर परत वादळ आल तर आपण बुडून जाऊ. असे तो छोट्या मुलाला म्हणतो. त्यावेळी मोठा मुलगा म्हणतो की आपण पोहायला शिकूयाच. आपल्याला ते पुढे कामी येईल ते त्या मच्छीमाराला सांगतात त्यांना पोहायला शिकवायला तो स्वरूप स्वरू होतो. तो त्यांना पोहायला शिकवतो दोन-तीन दिवसात ते छान पोहायला शिकतात. मग चौथ्या दिवशी ते बोटीत बसतात व त्या मच्छीमाराला धन्यवाद देऊन तिथून निघून जातात. ते आपले लक्ष्य म्हणजे आपल्या कुटुंबाला भेटतात.
