

Student Leadership Program

Indian Development Foundation (IDF)
and our department of Bachelor in
Accounting and Finance (BAF)

organized a workshop in the academic year 2018-19 on Student Leadership Program.

Here students were encouraged to take up teaching the weaker sections of the society which will later turn up in an increase in number of the educated crowd and help in creation of a better society with healthy minds.

The session for the same program was carried out in Anjuman Islamic Girls High School, Bandra West, Mumbai.
