To primary objective me itna likh skte hai 7 ya 8 makrs ke liye ya aur likha pdega

8:48 pm

Secondary objectives (Incidental objectives):

- Secondary objects of an audit is detection & prevention of errors & frauds.
- The secondary objectives is detection of misstatements in Financial statements.
- Detection of fraud is more difficult than detection of error, because the person committing the fraud will also try to hide it.
- During vouching, verification etc an auditor may come across errors or frauds he must then take proper action.
- Auditor should advise the management for effective accounting system & internal control.

N secondry objective v pucha 7 y 8 makrs ke liye to itna chlega na

Particulars	₹
Value of Goods	25,000
CGST @ 6%	1,500
UTGST @ 6%	1,500
Final Cost	28,000

Note : The reason a separate GST was implemented for the Union Territories is that the common State GST (SGST) cannot be applied in a Union Territory without legislature. Delhi and Puducherry already have their own legislatures, so SGST is applicable to them. GST is consumption based tax, IGST will be levied on imports goods/services imported will be in India.
