BUSINESS SOLUTIONS TO POVERTY

This document constitutes a Memorandum of Understanding (MoU) between Ashwattha Advisors Private Limited (AAPL) and Prahladrai Dalmia Lions College.

Background

Ashwattha Advisors Private Limited (AAPL), which is a wholly-owned subsidiary of TechnoServe Inc. is conducting a "Youth Employability Program" for enhancement of employability and workplace skills for deserving youth.

1. In this connection, AAPL intends to be associated and work closely with Prahladrai Dalmia Lions College to conduct employability training and career counseling sessions for the final year college students. This will include activities through the year, till students are placed 10-12 months after their final year examinations. Features of the program are as follows:
2. 100-hour program including Personal effectiveness (goal setting, interpersonal relationships), Personal Finance, Professional effectiveness (how to choose right career option, how to apply for job, tools-CVs, cover letter- etc.), Business communication (effective communication with co-workers and customers), Career Readiness (orienting students to jobs matching their skill sets and exposure to a career path) and Work Readiness (Professionalism, Work Ethics, Email Etiquettes, Workplace dynamics - etc.)
3. 60 hours of training will be delivered in class and 40 hours of mandatory training will be available to students on TechnoServe's proprietary online learning platform. The program also includes individual student counselling during the program, post training, pre-placement and also post placements.
4. There is no cost for students to attend above mentioned training
5. Each training batch size will be a maximum of 65 students. Sessions of duration 2 hours each to be conducted 5 days/week. Trainings to be conducted for 2 or more batches in one day through one TechnoServe trainer.
6. Counselling support is available on training days for providing career guidance to students who are enrolled in this program.
7. Students will be provided a certificate on successful completion of course with a minimum attendance criteria of 90%
8. Students will be further supported in job linkages and placements from the time of training completion till they are placed i.e. 6-10 months after their training is complete.
9. College is expected to support the successful training and placements of all students, should they take up this service with TechnoServe.

For this purpose, AAPL requires support of the college in the following areas:

1. Facilitating discussions and engagement with the 2018 current third year degree students and 2017 graduates where feasible. This involves the following:
 - a. Assistance in batch scheduling with ongoing final year classes.
 - b. Support in allocating batches per trainer for optimum utilization of resources and training effectiveness.
2. Infrastructure support for the following:
 - a. Training facility (a training room where 65 students could be trained). Training methodology requires some space in the middle of the room for conducting student activities.
 - b. Space for the career counsellor/ trainer who would be available in college on days of training.
 - c. Availability of classroom to conduct refresher sessions before the pre placement begins in the months of Dec-Feb
 - d. Projector and speakers on need basis which are required to conduct few video based sessions.
 - e. Require college support to conduct a Parent engagement session in the college premises.
