He said in the last DP, a delay in allotment of Central and state government lands to BMC resulted in implementation of only 9% of the plan in the last 20 years. "There were technical and administrative issues that came in the way. So to coordinate, a separate DP authority comprising state, BMC and central government officials would help expedite the development," he said.

That the metropolis does not get enough funds for infrastructure and development compared to the contribution it makes to the exchequer is an argument that draws opposing viewpoints.

According to Shewale, 35 MPs (19 from Lok Sabha and 16 from Rajya Sabha) have their permanent addresses listed as Mumbai. "I appeal to all of them to support our demand for provision of Rs 70,000 crore separately as a special package for the city's major projects such as coastal road and water supply projects," he said.

Shiv Sena MP from south central Mumbai Rahul Shewale has demanded that the Centre create a special authority and funding mechanism to implement Mumbai's Development Plan (DP)-2034, which is pegged at Rs 14 lakh crore.

"Mumbai contributes about Rs 40,000 crore in taxes annually.... the surrounding regions of Mumbai contribute over 20% of the state's GDP. It is already a home for multinational majors and large financial and institutional investors and market players. Hence my kind request to the finance minister is that a separate Mumbai Development Plan Implementation Authority be constituted through the Central government by allotting a special package of Rs 14 lakh crore and released in phases in the next five to 10 years," said Shewale.

"Around 30% of the country's tax revenue comes from Mumbai, so 100% development of the city as per the DP is necessary," Shewale told media on the sidelines of an infrastructure summit organised by him.

The demand seeking a greater share of revenue for Mumbai's development has time and again been raised but coming from the BJP's own ally, it is intended to reinforce the differences in their outlook.
